In 1999, Parkcity acquired the 473-acre
Desa Park City site. From a barren quarry mine, the
site has the cradle of one of Malaysia's top selling
communities.

*Today the multiple award-winning master-plan of
Desa Park City is regarded by many as innovative,
imaginative model for a lively and successful model
for a lively, safe, sustainable and healthy
community.*

BACKGROUND

- Has recognition as EdgeProp Malaysia's 2020 Best Managed and Sustainable Property Awards for its excellent maintenance and excellent management.

- Residents from outside the township flock to the central park, mainly because of the public park's pet-friendly nature

- The park accommodates and has something unique for everyone, both residents and visitors, to truly enjoy a good relaxation time with loved ones, friends, and family from the tribulations of the city life.

DESIGN STRATEGIES

The design of the complete, well organized infrastructure has contributed greatly to the success of the development and ensured its long-term sustainability.

The design compliance to the relevant codes of practice and statutory requirements that has provided comfort and protection for the community and the surrounding neighbourhood,

RECREATION & LEISURE ACTIVITIES

Recreation Activities

The jogging or walking paths also allow you to stretch your legs and get your heart pumping with some running exercises. The park approaching healthy lifestyle towards the community at Desa Park City.

Landscaped park, children's playground with child-proof imported play equipments & iconic park benches

It has tree-lined 9ft-wide jogging paths and walkways that surround a lake.

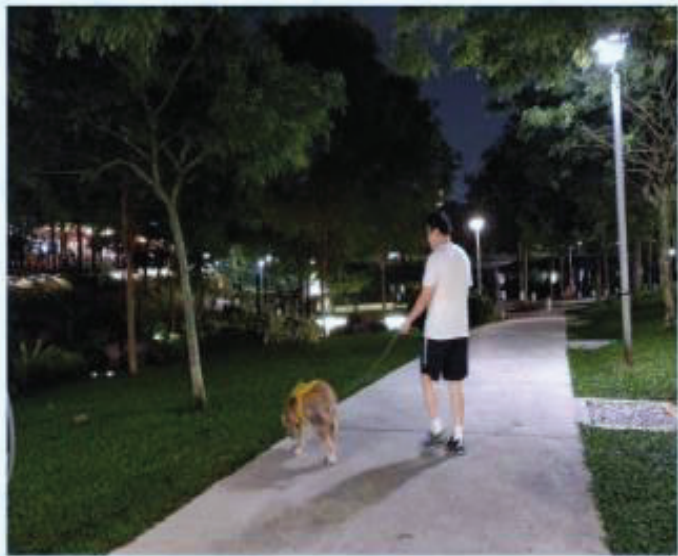

RECREATION & LEISURE ACTIVITIES

Leisure Activities

There are well-trimmed lawns where you could enjoy a picnic with your family to take you away from the busy rush of workdays.

The decision to turn it into a pet-friendly park was to make it an inclusive park for all which everyone in the township and the surrounding community could enjoy.

The central lake at the core of the central park, where you could take a chill and unwind from the day-to-day hassle of life to enjoy some moments of relaxation in a peaceful ambience.

CONCLUSION

The Central Park allows you to do both – slow down or speed up. Chill out on its manicured lawns and have a family picnic; a brief respite from the work week rush. Or get your heart racing by hitting its jogging paths with sprightly vigor. With the idyllic Central Lake at its core, The Central Park truly represents an ideal getaway from the tribulations of the city life.
