On January 13, 2023, the College of Computing, Informatics, and Media Studies UiTM Negeri Sembilan Kampus Kuala Pilah hosted Math is Easy 1.0. A total of 150 students were involved, consisting of Pre-Science, STEM-C, and Pre-Academy of Islamic Contemporary Studies. All of the lecturers who teach the pre-students in their own subjects ran the session. Students in this program are taught how to answer the correct method of a final exam question. They are also given tips for full marks in each question answered. Positive feedback was also provided by the students who participated throughout the program. Figures 1-7 show students who attend the program based on their subject code.
