## **ACKNOWLEDGMENT**

We are deeply grateful to Allah S.W.T for His mercy and guidance, and for giving us the strength to complete this ENT530 Social Media Portfolio. We have put our best effort into completing this assignment and overcome any difficulties that arise along the way.

We are also grateful to our lecturer, Madam NorFazlina Binti Ghazali, for her guidance and support. She has been a tremendous help to us in finishing the project properly. She has provided us with valuable feedback and insights, and she has always been available to answer our questions. We are truly grateful for her help and support.

We are also grateful to our families for their love and support, both emotionally and physically. Without their support, we would not be able to complete this project. They have always been there for us, cheering us on and helping us through the tough times. We are truly blessed to have such supportive families.

We are grateful to our group members for their hard work and cooperation. We have learned a lot from this project, including the value of cooperation and the meaning of patience. We have also learned the importance of teamwork and how to work effectively with others. We are grateful for their patience and understanding, as we know that this project was not always easy. We are also grateful to our classmates for their help, ideas, and comments. Through their feedback, we were able to improve our project and make it even better. We are grateful for their willingness to help us and for their insights into our project.

Finally, we are grateful to the Almighty for giving us the opportunity to complete this project. We believe that this project has helped us to grow and develop as students and as individuals. We are grateful for the lessons that we have learned and for the memories that we have made. We would like to conclude by saying that we are truly grateful for the support of everyone who has helped us along the way.
