LOKA
/LəW.Ké/ /'LO:.Ke/

'Loka' is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

EXPERT

by **MOHAMAD NORAZIZI BIN MOHD DAUD**

In general, food waste was found to be the most significant contributor to Malaysia's solid waste, and it also requires a safe landfill, which has exceeded its full capacity. Malaysian throw away food waste about 8,000 tons daily, and this food can feed 8 million people, including 990 tons of ready to eat food. By creating an organization that is specifically managing food waste can help this country controlling flooded food waste by producing compost fertilizer and commercialize to the local agricultural industry.
