**LOKA**  
/LəW.Ké/ /'LO:.Ke/

**'Loka'** is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

## CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

## AHOY PLASTIC

: CHILDREN'S  
STORYBOOK

by SITI HAJAR BINTI AZHARI

The average adult human body contains 65% water, our home earth is about 71% water and water is life. Inspired by my sister who practices a strict recycling culture and has been reading to her daughter at a very early age. Even though at a digital age, books are still a relevant medium to highlight the environmental issue. With the use of vibrant colours, sensory activities knowing the truth about our environment does not have to be scary. Moreover, the goal to educate can be achieved in a fun way.

Let's work hand in hand together so that we can leave them in a better place and let them continue to shape our home.
