LOKA
/LəW.Ké/ /'LO:.Ke/

Loka' is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

OKU DIGITAL HUB INFORMATION

by **IRFAN BIN ZAINUDDIN**

Workplace nowadays are moving into the era of 'Internet of Things'. One of the causes to the problem is parents and teachers are still lack of knowledge on how to get accessibilities & facilities provided by government and private sector for their children.

I took this opportunity to contribute to disabled people by building Akses Kami, an information hub that provide information of facilities & other accessibilities to disabled people in Malaysia. Akses Kami is targeted to parents & teachers to help them provide a better life for their special children. With this, it will help these community to strive better with the contents this application delivers.
