## ACKNOWLEDGEMENT

In the name of Allah, the most gracious and most merciful for without him it is impossible for me to finish up my practical training at Majlis Perbandaran Sungai Petani (MPSPK) and deliver this report on time.

First and foremost, I would very much like to thanks Mr. Yusof, Mr. Mohd Nazri and Miss Rosnita for giving me the information and idea that I needed most to complete my project. I also would like to thanks to all staffs at Majlis Perbandaran Sungai Petani for their guidance and knowledge that they have given me to gain invaluable experience during my practical training. A special thanks to all staffs from Information Technology Department especially Mr. Mohd Yusri Bin Mohd Yusop, Madam Umi Kalthom and Madam Jasmin for giving me their full support, guidance, knowledge and opportunities as well as pleasant relationship that will never be forgotten.

Last but not least to my family and all my friends for giving me idea and support. My sincere gratitude also goes to all my lecturers especially Madam Romiza Binti Md. Nor and Mr. Khairul Anwar Bin Sedek for litting the candle so that I can learn and understand my course. Only Allah could repay your deeds and may He bless all of, always.

## **1.1. PRACTICAL TRAINING BACKGROUND**

The Faculty Technology and Quantitative Science, Universiti Teknologi MARA (UiTM) had made it compulsory the final semester students to carry out their practical training at any organization chosen by faculty or even by the students' own choices. Each practical trainee will undergo four month training scheme at the selected organization before going back to the UiTM to present their works.

## **1.2. PRACTICAL TRAINING OBJECTIVES**

The objectives of the practical training module are to give exposure to the students on how to practically implement all the theories that they have learned in the class and enhance their ability to use their skills. Among the objectives of the practical training are as stated below:

- To expose student with real life working environment.
- To familiarize themselves with the working environment and communicate with all staff in the company.
- To expand their knowledge and experience on what they have learned.
