LOKA
/LəW.Ké/ /'LO:.Ke/

'Loka' is a word borrowed from Sanskrit लोक (loká) which means 'world'. Since olden days, the Malay language has derived and adopted many languages into its own and Sanskrit is believed to be the root of the language.

CONCEPT OF LOKA

Shadow puppet/ 'wayang kulit' has long existed in countries across the world. Each country possesses a background and styles of shadow puppets unique to themselves. Malaysia was one of said countries. However, our traditional shadow puppet is becoming extinct. Therefore, to bring it back, we modernised shadow puppet with bright colours and combine it with a paper-cut style.

E-KIMIA

: MULTIMEDIA IN SCIENCE
LEARNING

by **NUR AFIFAH AIMI BT. FAUZI**

Education should be a focus in achieving the goal of being in the same line as other accomplished countries. Modern era requires the society to fill up science, literature and art application on academic measure. STEM education that includes Science, Technology, Engineering and Mathematics, is the key in a country's growth. This study is carried out to identify the multimedia approach in learning. Be it animation or interactive, all of which seems appropriate for learning purpose. With that, using digital platform such as e-learning is essential to improve the quality of education and increase students' performance.
