ACKNOWLEDGEMENT

“ IN THE NAME OF ALLAH THE BENEFICIENT AND MERCIFUL ”

First and foremost, all praise to Allah S.W.T for given the good health and mental as well as giving the inspiration and strength to let me complete this research.

This research to about several months to complete it and contribution form many people. I want to take this opportunity to express my deepest gratitude to my practical advisor - Madam Nurul Azlinda Binti Chek Talib for spent her golden time to advise and assist me to complete this research. Thank you Madam for guide me to complete the proposal from chapter one until chapter five of this research, constructing the questionnaire until the end of the presentation. Thank you so much madam for helping me, and do your best to guide me.

I also want to give a special appreciation to Puan Azila Binti Yunus (Director) at the Rizhar Enterprise for encouragement, cooperation and support during my internship at there. Besides, thank you also to Puan Aisyah as the partner to the director for helping me in doing my research and always advise me to do this task. Without the help from all of them I will not be able to conduct this research.

Apart from that, I also want to give my gratitude to both my parents, Mr [REDACTED] and Mrs [REDACTED] for always giving me the moral support to me. Last but not least, thank you to my research mates Nurul Anis Faizah Binti Mohamad Shah and my friends, Lily Shahzlyn Binti Shahrudin and Nuzul Najwa Binti Nazree for helping me and always answer my endless question.

ABSTRACT

The rapid growth of technology make the process of business transaction also need to change to be complement with the development of the technology. That become be one of the reason ePerolehan is be develop by Commerce.Com Sdn Bhd. The system that be launched in September 1999 change the process of the supplier with the government. Moreover, the system are be update to the new system. Researcher decided to make a study on the new system that be launched in 1st January 2018, where researcher focusing on the supplier's perception on the new system of ePerolehan. It is because there is some problem that can be see. In this research, researcher have mentioned several factors that influenced the supplier's perception toward the new ePerolehan system. Data were collected from the suppliers that comes to Rizhar Enterprise. Rizhar Enterprise provide a service to make the financial certificate and also service on the ePerolehan system. The theoretical framework has been designed for this research where the independent variables are ease of use and perceived of usefulness which influence the suppliers' perception on the new ePerolehan system. From the finding, the ease of use is the most factor that influence the suppliers' perception on the new ePerolehan system. Besides, there also some of limitation to conducted this research which are the availability of related journal, and limitation of cost. The recommendation for the future research also have be provided.

ABSTRACT	xi
CHAPTER 1 INTRODUCTION	
1.1 Background of Study	1
1.2 Problem Statement	4
1.3 Research Objectives	6
1.4 Research Questions	6
1.5 Scope of Study	6
1.6 Significance of Study	
1.6.1 To Researcher	7
1.6.2 To Rizhar Enterprise	7
1.6.3 To Commerce Dot Com Sdn Bhd.	7
1.6.4 To The Suppliers	7
1.6.5 To Future Research	8

1.7	Limitation of Research	
1.7.1	Availability of Related Research	8
1.7.3	Limitation on Cost	8
1.8	Definition of Terms	
1.8.1	ePerolehan System	9
1.8.2	Ease of Use	9
1.8.3	Perceived of Usefulness	9
CHAPTER 2	LITERATURE REVIEW	
2.1	ePerolehan System	10
2.2	Ease of Use	13
2.3	Perceived of Usefulness	15
2.4	Theoretical Framework	17
2.5	Hypothesis	18
CHAPTER 3	METHODOLOGY	
3.1	Research Design	
3.1.1	Purpose of Study	20
3.1.2	Types of Investigation	20
3.1.3	Study Settings	21
3.1.4	The Extent of the Research Interference	21
3.1.5	Unit of Analysis	21
3.1.6	Time Horizon	22
