Chapter 6: Conclusion	124
References	125

ACKNOWLEDGEMENT

The success and final outcome of this assignment required a lot of guidance and assistance from many people and we are extremely fortunate to have got this all along the completion of our assignment work. Whatever we have done is only due to such guidance and assistance and we would not forget to thank them. It would not have been possible without the kind support and help of many individuals.

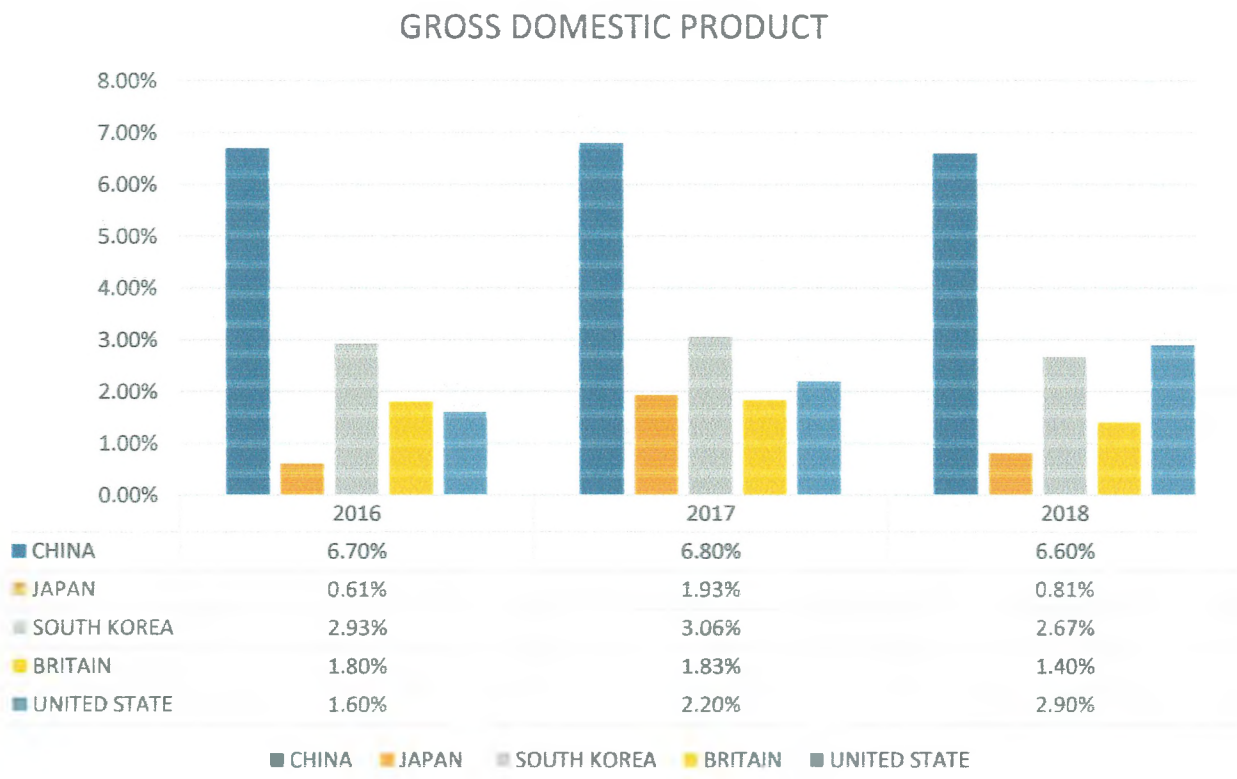
We respect and thanks to Sir Zaimi and Madam Salwani Binti Affandi for giving us an opportunity to do this assignment work and providing us all support and guidance which made us complete the assignment on time. We are extremely grateful to them for providing us such a nice support and guidance.

We are grateful and thankful to have group members that put on a lot effort and good cooperation in completing this assignment project. Besides, we would like to express our gratitude towards our parents, family members, our friends and our lecture for their kind co-operation and encouragement which help us in completing this assignment even though they were busy with their work.

CHAPTER 1: ECONOMIC FACTOR

1.1 GLOBAL ECONOMIC

GROSS DOMESTIC PRODUCT GROWTH RATE



As we can see from the bar chart above, China gross domestic product is increasing for 2016 to 2017 by 6.7% to 6.8% and decrease for 2018 to 6.6%. For the gross domestic product japan, we can that its increase for 2016 to 2017 by 0.61% to 1.93% and decrease for 2018 by 0.81%. Moreover, for the gross domestic product for south Korea is increasing for the 2016 to 2017 by 2.93% to 3.06% and decreasing for 2018 by 2.67%. After that, gross domestic product for Britain is increase for 2017 and decrease for 2018 by 1.83% and 1.4%. Lastly, United state gross domestic products show that, their gdp is increasing for the three years respectively.
