

UNIVERSITI TEKNOLOGI MARA FND458: INTRODUCTION TO VISUAL RESEARCH AND DRAWING

Course Name (English) INTRODUCTION TO VISUAL RESEARCH AND DRAWING	FND458: INTRODUCTION TO VISUAL RESEARCH AND DRAWING				
The course is a foundation class that introduces students to basic understanding of exploring materials, techniques and terms in fundamental of art and design. It is an effort to develop their interest and perceptual skill. The aim of this course is to develop the skill of drawing practice and to prepare them for research in future courses at Faculty of Art and Design. Emphasis is given to problem solving exercises that allow thinking creatively and critically. This is done through learning process that stresses the ability of the students to collect visual data that apply their understanding of 2 dimensional and 3 dimensional relationships. Transferable Skills Demonstrate ability to identify and articulate self skills, knowledge and understanding confidently and in a variety of contexts. Demonstrate the ability to imagine and visualize. Teaching Lectures, Studio, Demonstrations, Discussion		INTRODUCTION TO VISUAL RESEARCH AND DRAWING APPROVED			
The course is a foundation class that introduces students to basic understanding of exploring materials, techniques and terms in fundamental of art and design. It is an effort to develop thesi interest and perceptual skill. The aim of this course is to develop the skill of drawing practice and to prepare them for reaerarch in future courses at Faculty of Art and Design. Emphasis is given to problem solving exercises that allow thinking creatively and critically. This is done through learning process that stresses the ability of the students to collect visual data that apply their understanding of 2 dimensional and 3 dimensional relationships. Transferable Skills Demonstrate ability to identify and articulate self skills, knowledge and understanding confidently and in a variety of contexts. Demonstrate the ability to imagine and visualize. Teaching Methodologies Lectures, Studio, Demonstrations, Discussion	Course Code	FND458

CLO		exploring materials, techniques and terms in fundamental of art and design. It is an effort to develop their interest and perceptual skill. The aim of this course is to develop the skill of drawing practice and to prepare them for research in future courses at Faculty of Art and Design. Emphasis is given to problem solving exercises that allow thinking creatively and critically. This is done through learning process that stresses the ability of the students to collect visual data that apply their understanding			
CLO CLO1 Describe 2-dimensional and 3-Dimensional design in artwork and justify fundamental elements and principles of design as they relate to drawing. CLO2 Organize variety of technical skills, materials and method in design and develop observational skills in drawing. CLO3 Explain visual language in order to critique and discussing artworks. and professional manner, Pre-Requisite Courses No course recommendations Topics 1. Introduction to Art and Design fundamentals 1.1) Visual Research in art and designs 1.2) The important of Drawing in art and Design 1.3) Media and tools 2. Principles of art and design 2.1) Proportion 2.2) Movement/Rhythm 2.3) Contrast 2.4) Harmony 2.5) Balance 2.6) Repetition 2.7) Motion /Time 2.8) Emphasis/ Dominance	Transferable Skills	confidently and in a variety of contexts. Demonstrate the ability to imagine and
