ACKNOWLEDGMENT

In completing this Graduation Exercise, I would like to express my greatest appreciation to my advisor En. Zaini Abdullah for his time, patience and guiding me throughout my project papers.

I would also like to thanks to En. Hamdan Hj. Omar, General Manager of Sime Logistics Sdn. Bhd for giving me a place to do my practical training at Sime Logistics. Also to my practical supervisor En. Amran Ismail, Senior Executive who had suggested the topic, assisted and continuous guidance during my practical attachment.

Finally, my utmost gratitude to Anida for the inspiration. To Alamin and Ariman lots of thanks for a kind assistance and support to complete this paper. Also to others whom I did not mention above, I thank you.

ABSTRACT

Sime Logistics Sdn. Bhd was a newly established company as to provide logistics services to the Sime Darby's group. A company incorporated to provide the group's member a service related to warehousing, transportation, shipping, forwarding and freighting.

Although it was a new company it's fully equipped and geared to provide the members both interms of facilities and manpower.

This study is carried out to identify the logistics cost and possibilities of reducing that cost. The importance of the study is to provide the company on the cost that has incurred in their daily operations.
