ABSTRACT

The purpose of this research paper is to study the relationship of the physical ergonomic towards the job performance. It is in which to study which items of the physical ergonomic that consume impact to the job performance. For this study, it is conducted at Pejabat Tanah Kuala Muda. This study is conducted at this organization due to the number of sample at this organization which is 88 employees. This study is conducted at this organization as the employees used workstation to run their job and tasks. So, by doing this research at the organization, it is suitable to find data regarding this research purposes. The questionnaires answered by the employees at Pejabat Tanah Kuala Muda were analyzed by using SPSS. The researcher is using reliability test and Pearson correlation to search findings. The analysis gathered shows that there are relationship between physical ergonomic and job performance. While, the most crucial element in physical ergonomic that gives impact to the job performance is workstation.

ACKNOWLEDGEMENT

Assalamualaikum w. b. t. and Salam sejahtera.

First of all I am so praised to Allah s. w. t because giving me chances to live on this earth, having a good life, study at Uitm Jengka, Pahang and also giving me the opportunity to keep on learning. I am so thankful to Allah s.wt because I am able to finish this research in the specified time. First of all, I want to thank my research supervisor which is Encik Mohd Zahid bin Laton. This is because he has given me a lot of knowledge and information in order to complete this research. Thanks a lot to him due to his support and advices regarding this research. From the beginning process of this research until the completing process, he always gives his best in order to help me doing this research. I also want to show gratitude to the Pejabat Tanah Kuala Muda which is my practical training place. Thanks to the management of the organization because accepting me to do my internship training there. Thanks to the organization too because letting me to do my research at Pejabat Tanah Kuala Muda and also given a good cooperation to me. In addition, I also want to show my gratitude to my parents because of their moral and financial support for me in order to complete this research. Lastly, thanks so much to my friends for their assistant for me in order to complete my research. Certainly, I will appreciate everything being given including support, knowledge, financial, advices and so on. Thanks for the commitments given to me in order to complete this research.
