## ABSTRACT

This research was conducted to identify the relationship between ICT infrastructure and job performance among employee at Schlumberger Business Support Hub And. Bhd. This research conducted to determine the availability of ICT in the workplace, the use of the provided ICT infrastructure, the activities that have been done by using the ICT infrastructure in the workplace, and the job that has been performed by the employee by using the ICT infrastructure provided in the workplace. This study was tested to employees in Schlumberger Business Support Hub Sdn. Bhd. using the simple random sampling technique. The questionnaire was distributed to all respondents by hand in the workplace and all the result analyzed using Social Science Software (SPSS) version 22. The finding of this research is positive which is there is significant relationship between the ICT infrastructure towards job performance among employee in Schlumberger Business Support Hub Sdn. Bhd. The researcher concludes that this research ended up successfully with some of suggestion recommended from the side of employees and employers itself. Below also have the details of suggestion for future research such as broaden the size of respondents and increase the variety of the instrument.

## ACKNOWLEDGEMENT

Praise is to Allah the Almighty for giving chances in completing our proposal of analysis and design of an information system. First and foremost, I would like to express my thanks to Mrs Zarirah binti Zamakhsari, my supervisor for research and Miss Norulhuda binti Tajuddin my co-supervisor. I am deeply indebted to them who help, stimulating suggestions and encouragement help me in all the time. Without it, it would be difficult for me to complete the research on time. Thanks for the willingness to spend some of her time.

Special thanks to all respondents to spent some time to fill up the questionnaire. I also would like to apologize for any mistakes and weaknesses in this research. Therefore, I am sincerely welcome any comments and suggestions for further improvements. Thanks to all and May Allah blesses all of us. Amin.
