ACKNOWLEDGEMENT

Alhamdulillah, first of all I would like to thank Allah S.W.T. as finally I were able to finish my project paper to fulfill the requirements of the Research Methods course in my third year student in UiTM Jengka. This project could not have been written without the assistance and guidance of Madam Mawarti Ashik Binti Samsudin.

Besides that, big thank I address to my research lecturer Dr. Masanom binti Abd Rashid because she always give me support and guide me on how to do this project in purpose to produce a good outcome.

Other than that, big thanks also I address to Madam Noorbaini Binti Aboo Bakar Assistant Administrative Officer (Service and Staffing) because give me permission to conduct a research to obtain an information from Ibu Pejabat Polis Kontinjen Selangor.

ABSTRACT

The present study examined associations between employees' and their job performance at Ibu Pejabat Polis Kontinjen Selangor. Job performance and the workplace is related to employees' for many years. Particular consideration that might affected employees' job performance was been identified including their distance from home to workplace, workplace, and vehicle. Additionally, researcher are more focus to increase productivity, reduce absenteeism, and maximize the motivation value toward employees' at Ibu Pejabat Polis Kontinjen Selangor. A study of job performance of employees' Ibu Pejabat Polis Kontinjen Selangor give many input and information to the researcher. The data were analyzed using SPSS version 20.
