ABOUT ARI

Accounting Research Institute (ARI) of UiTM was first formed in 2002 as a special interest group whereas illustrate a history victorious history despite its relative youth. Since then, ARI had gone through a complete evolutionary cycle which includes of first being a special interest group (SIG), then as a research centre and finally as a research institute. The ministry of higher education formally approved the formation of ari in 2005. As a research institute, ARI is responsible to coordinate and manage the activities of its eight multi-discipline research centres (also known as units of excellence). Effective November 2009, ARI has been recognized by the ministry of higher education as one of the higher institutions' centres of excellence (HICoE).

Today ARI coordinates eight research centres that have been co-established with various national and international professional agencies: CIMA-UiTM Asian Management Accounting Research Centre (AMARC); UiTM-MICG Corporate Governance Research Centre (CGRC); UiTM-ACCA Financial Reporting Research Centre (FCRC); UiTM-ACFE Asia-Pacific Forensic Accounting Research Centre (AFARE); UiTM-CPA Australia Public Sector Accounting Research Centre (PSARC); Uitm-ACCA Asia-Pacific Sustainability Research Centre (APCEs), Islamic Accounting And Muamalat Research Centre (IAMRC) and Government-Linked Companies Research Centre (GLCRC). As a HICoE, ARI focuses its current fundamental research in the niche area of forensic accounting and islamic financial criminology. Nevertheless, ARI's other expertise in the areas of corporate governance, management accounting, financial reporting, public sector accounting, taxation; auditing and accounting information system will continue to be championed by respective research centres and sigs. By the end of 2012, ARI aspires to establish strategic alliances with at least five top notch global research centres. Basically, ARI was made up of a team of research fellows and associate fellows that expertise in highly specialized areas. This has allowed ari to provide training and consultancy packaged which comes as the highest value.

Furthermore, ARI works closely with various government agencies and industry by providing with products and services in order to enhance practices in good governance. As for today, ari's research, training and consultancy partnerships span 5 continents including Asia, Europe, Australia, Africa and North America. Throughout a strong partnership and high standard maintained, ari was recognized by several international organizations'. Recently, ari has been awarded with global islamic finance award, asean risk management award and islamic financial criminology research body of the year.

ORGANISATIONAL STRUCTURE

MESSAGE FROM THE VICE CHANCELLOR

It has been a full decade since the Accounting Research Institute (ARI) was granted the prestigious status of a Higher Institution Centre of Excellence by the Ministry of Higher Education (MoHE) in 2010. The institute remains UiTM's only research institute to have been accorded this status. I am pleased that ARI has strived to live up to its name by spearheading research in various niche areas related to Islamic financial criminology, governance, and transparency.

Despite the challenges we have all faced in 2020, ARI has continued to establish networks both regionally and globally. MOUs were signed through virtual platforms, and it is my hope that this will pave the way for putting Universiti Teknologi MARA on the world map.

ARI Updates 2020 highlights the accomplishments of the institute's members in the areas of consultancy, research and publication, in addition to reporting on a variety of other activities that have been carried out throughout the year. I congratulate ARI for its initiative to provide documentary evidence of its annual accomplishments.

This year has witnessed Professor Dr Normah Omar ending her term as ARI director. It goes without saying that she was instrumental in the success of the institute. I would like to take this opportunity to thank her for her dedication, and at the same time, congratulate Professor Dr Jamaliah Said on her appointment as the new director. I am confident that ARI will continue to grow under her leadership.

I wish ARI all the very best in realising the aspirations of the institute, UiTM and the nation.

Emeritus Professor Ir. Datuk Dr. Mohd Azraai Kassim

Vice Chancellor

MESSAGE FROM THE DEPUTY VICE CHANCELLOR (RESEARCH AND INNOVATION)

The annual publication of ARI Updates serves to document the achievements of the Accounting Research Institute this past year. In addition, it reports on the various activities and programs which have taken place at the institute. ARI Updates therefore serves as an important source of reference which offers a glimpse into the operations of a Higher Institution Centre of Excellence.

The contents of ARI Updates 2020 clearly reflects the dedication and commitment of the institute in advancing its research and consultancy agenda despite the severe limitations which have been imposed by the COVID-19 global pandemic. I would like to congratulate ARI for continuing its path by establishing global networks and promoting quality scholarly work which serves as an example to others.

Finally, I would like to express my gratitude to ARI's outgoing director, Professor Dr. Normah Omar, for her years of dedication to the institute. I would also like to congratulate Professor Dr Jamaliah Said on her appointment as the new director. I am confident that the institute will continue to thrive under her leadership.

Professor Dr. Mohd Nazip Suratman

Deputy Vice Chancellor (Research & Innovation)

MESSAGE FROM DIRECTOR OF ARI

I am pleased to present to you ARI Updates 2020. This annual publication serves as a record of the institute's various activities and initiatives carried out throughout 2020.

This year, ARI was tested with challenges brought about by the COVID-19 global pandemic. I am pleased to say that we were successful in responding to many uncertainties. Despite the volatile situation, the institute remained on its trajectory of promoting research in financial criminology, governance, and transparency. We embraced the virtual world and moved ahead by working with our long-time partners. At the same time, we expanded our global network by establishing new partnerships with global and regional research institutes and industry players.

The end of Professor Dr Normah Omar's term as our director marked a significant moment in ARI's history. She was instrumental in shaping the direction of the institute, and we are all thankful for her dedication and support.

I am humbled by my appointment as director and look forward to working with the institute's research fellows and associate fellows as we chart the future for ARI.

I would like to take this opportunity to congratulate and thank my team at ARI. The complete dedication of ARI fellows, and support staff has ensured that 2020 was another year of successes and fond memories, and you will find evidence of this as you read ARI Updates 2020.

Last but not least, I would like to express my sincere appreciation to the Vice Chancellor of UiTM and the university's top management for their continuous support of and trust in ARI.

Professor Dr. Jamaliah Said

Director of ARI

ARI RESEARCH SUCCESS STORIES

Accounting Research Institute (ARI) has been awarded the status of “Higher Institution Centre of Excellence (HICoE). ARI was task to become a global player in its niche area, Islamic Financial Criminology while to a support national shift to build a new economic model based three main components. The components are innovation, creativity, and high value-added activities. Moreover, as Malaysia’s only HICoE whereas spread research over Accounting and Finance, ARI has set up its own global research centres that are Islamic Finance and Muamalat Research Centre, Financial Criminology Research Centre, Corporate Governance Research Centre, Corporate Integrity Research Centre, Public Sector Accounting Research Centre, and Sustainability Development Research Centre. Due to that, ARI works closely with numerous agencies and industry players such an example multinational companies, law enforcement agencies, financial institution, and government in providing them with product services as to enhance this practice in good governance. The HICoE success stories are as followed:

Malaysian Local Authorities Financial Health Check-Up by Prof. Dr Nafsiah Mohamed

A new system which called “**Self-Diagnosis Financial Health Check Up (SDFH)**” is created as to enable public sector organization to perform various test and stimulate the future especially when there’s limited resource. It is a collaboration between Majlis Perbandaran Kuantan (MPK) and Majlis Bandaraya Melaka Bersejarah (MBMB) whereas it gives a positive feedback. Due to that, this system has won various award and special award in innovation competition also appreciation from national and international level. The latest award was won with silver medal for IDEX 2019 organized by UiTM with product “Financial Fitness Kit 2.0 for Local Authorities.”

Social Impact Assessment and Good Governance Practices in Zakat Management by Prof. Dr Roshayani Arshad

ARI has led a study aimed at developing, testing, and refining a mechanism for assessing the social impact of initiatives supported by zakat funds. Basically, the key principle is promoting good governance practices in the Islamic social finance sector as well as social sector in general. Along with that, this model provides a critical approach for facilitating the provision of expanded and sustainable services to various communities. On 6th November 2020, Prof. Dr Roshayani and her team had successfully secured an industrial research grant with PPZ-MAIWP for the collaboration. This project has successfully made a collaboration between ARI and PERKIM, AIM and PNB

Integrity Assessment Tool (IAT) by Prof. Dr Jamaliah Said

A self-assessment and user-friendly tool developed by ARI's researchers in collaboration with expert from Malaysian Institute of Integrity to improve integrity in the organization. This tool is suitable for private and public sector, statutory body, GLC and others. From that, IAT have been used by more than 100 companies such as TNB, UMW and others as to assess current practice of corporate risk and integrity systems in which may identify the pros and cons to strategize for future directions. With the achievement of this project, ARI has signed for MoU with Institute Integrity Malaysia (IIM), Persatuan Badan-Badan Berkanun Malaysia (PBBM) and Suruhanjaya Syarikat Malaysia (SSM). In 2019, ARI has won gold award for PECIPTA followed with 3G Research Excellence Award.

MGRI: Mosque Governance Rating Index by Dr Intan Salwani Mohamed

Weakness in financial governance may result to negatively impacting towards public and corporate for the sake of donation and reduced the number of funds. Thus, MGRI is an innovation that build to evaluate, and rating related to administration especially in fund management. It rejoices with the hotel concept by rating from 1 to 5 based on few criteria's following the standard of good accounting and management. This innovation product was build based on research from mosques in Selangor while benchmarking visit at Majlis Ugama Islam Singapura (MUIS) and few mosques in Singapore. This product is targeted towards all institution, Non-Profit Organization (NPO) and institution that received fund. Towards this, this product successfully won gold award from few innovation competitions such as ITEX 2016, IIDEX 2017 and IIDEX 2018 and others.

Anti-Money Laundering Mechanisms for NPOs by Prof. Dr Normah Omar

The Financial Action Task Force (FATF) assessment of Malaysia found that the governance of NPOs in Malaysia is still weak. This study was undertaken by ARI in collaboration with Financial Intelligence Unit of Bank Negara, Malaysia, Registry of Societies (ROS) and Companies Commission of Malaysia (CCM) to develop an instrument to assess anti compliance mechanisms at various NPOs in Malaysia. Throughout that, this research was conducted in collaboration with Rajaratnam International Centre for Political Violence and Terrorism Research (ICPVTR), Nanyang Technological University whereas the input and outcome included working on anti-money laundering research and becomes a trainer for law enforcement agencies in Malaysia.

Polygraph: The Sciences of Lie Detection by Dr Norazida Mohamed

ARI has offers polygraph examination services to government organizations, law enforcement agencies, corporate sector, and private organizations which to verify the truthfulness of statements made by persons concerning specific issues on civil or private that are object of an investigations. Hence, Polygraph Laboratory at ARI is the first research institution in Malaysia that own its polygraph laboratory and aims to facilitate the research in forensic accounting and financial criminology. Four qualified Polygraph Examiners that have been appointed as “UiTM Polygraph Officers” to conduct polygraph test for UiTM staffs who are under investigation of integrity cases. Due to that, Five PhD students from ARI-HiCoE has been selected to participate in Exchange Programme in Russia via virtual exchange programmes at the Russian Presidential Academy of National Economy and Public Administration (RANEPA), St. Petersburg. The Accounting Research Institute (ARI) is sending four of its own students who are Darusalam, Marhamah Mohd Rafidi, Kazi Musa, and Igo Febrianto meanwhile Ibrahim Shuayb Kademi is currently pursuing his postgraduate studies at the Faculty of Accountancy. The programme serves to provide the students with a unique opportunity to learn more about their areas of research interest in finance and management. They are expected to start the exchange programme in February 2021. Hence, this enables them to grab opportunity to extend their knowledge and network with students from other parts of the world.

3. Signing Memorandum of Understandings (MoU) with USIM

On 11th September 2020, UiTM in collaboration with Accounting Research Institute (ARI) has successfully initiated a Memorandum of Understanding (MoU) with Universiti Sains Islam Malaysia (USIM) to formalize partnership in various areas of academic cooperation. It was held via virtual platform with presence of Deputy Vice- Chancellor for Research and Innovation, Professor Dr Mohd Nazip Suratman represented the Vice-Chancellor Professor Emeritus Datuk Dr Mohd Azraai Kassim, while USIM's Vice Chancellor, Professor Dr Mohamed Ridza Wahiddin led his team at the ceremony and ARI's fellow. In addition, UiTM's Accounting Research Institute already begun work on a forthcoming publication titled "Islamic Ethics and Governance for Combatting Financial Crime". Therefore, this may lead to stronger ties between two institutions.

1. A Framework for Analyzing Block Chain Technology Adoption

A workshop which held on 14th January 2020 by ARI's visiting Professor, Prof. Marijn Janssen that venue at Level 7, Menara SAAS. The highlight of this workshop is to analyze framework for capturing the challenges and issues that organization face when adopting block chain technology whereas block chain technologies require consideration of a broad range of factors. Hence, ARI is overwhelmed to invite Prof. Marijn Janssen for this workshop and the proposed framework can be applied by organizations as a reference point for adopting block chain technology.

2. The Use of Open Data Technology to Enhance Transparency & Mitigate Corrupt

A sharing session also from, Prof. Marijn Janssen which conducted on 16th January 2020 at ARI as to reveal insight of corruption. Therefore, this marked on way of tackling the issue with the use of open data as one of the tools to mitigate corruption. ARI's postgraduate's students are invited to join this program in order to gain information. Probably this session gives benefits and reference to participants that enable them to detect the corruption.

3. Strategies for Publishing in High Ranked Journals

A last sharing session from Prof. Marijn Janssen that held on 17th January 2020 at ARI, titled as “**Strategies for Publishing in High Ranked Journals**”. Throughout the session, he accentuated on few strategies on how to get published in a high-impact journal especially for postgraduate students. Key point of this session is to focus on key strategies adoted by renownd researchers and scholars. As for that, it is a pleasure to have Prof. Marijn Janssen at ARI which gives benefits especially postgraduate students.

4. Advanced Econometric Techniques for Times Series & Panel Data Analysis

ARI overwhelmed to organize workshop of “Advanced Econometric Techniques for Times Series & Panel Data Analysis” handled by Dr Kazi Sohag. A two-day workshop held at ARI, with purpose to enhance Statistics Test that useful for forecasting and structural analysis. Part of input involved area Panel Cointegration, Pooled Mean Group, Linear Interpolation, Non- Linear ARDL and others. Theoretical econometric issues also have been identified in this workshop. Definitely this workshop builds conceptual framework for research also personal coaching towards participant.

ADVANCED ECONOMETRIC TECHNIQUES FOR TIMES SERIES & PANEL DATA

16 & 17 JANUARY 2020
(Thursday & Friday)

LEVEL 12 ACCOUNTING RESEARCH INSTITUTE (ARI)

DAY 1

- Concept of Univariate Data
- Different Sources of Data
- Unit-Root (ADF, PP, DF-GLS, Structural Break)
- Simple OLS
- Single-Stranger Cointegration
- Johansen Cointegration
- VECM Granger Causality
- Gregory-Hansen Cointegration under structural break
- ARDL Bounds Test
- Dynamic OLS & Fully Modified OLS
- Non-Linear ARDL
- U-Test

DAY 2

- Panel Data Concepts & Data Structure; Panel Unitroot
- FE, RE, SUR, Cluster
- Panel Cointegration (Pedroni, Fisher & Westerlund)
- 2SLS
- System GMM
- Difference GMM
- Mean Group
- Pooled Mean Group
- Dynamic Fixed Effect Model
- Cross Sectional Dependence
- Second Generation Panel Unit-root
- Static Common Correlation Effect
- Dynamic Common Correlation
- Linear Interpolation
- Winner
- Discussion, Question and Answer

FEES/PERSON RM300.00

5. Quantitative Research on Questionnaire Survey

“Quantitative Research on Questionnaire Survey” by Dr Intan Salwani Mohamed due to her expertise and experienced in research area. This workshop was held at ARI on 26th February 2020. Attended by postgraduate students from ARI and Faculty of Accountancy. In addition, the workshop exposed participants with step by step approach on how and where to start a research. Quantitative research on questionnaire survey widely used by researchers on data collection. Upon understanding step by step approach, the participants enjoy the hands-on guides on how to manage and arrange their research clearly and timely.
