ACKNOWLEDGEMENT

This project paper would not have been possible without the assistance, cooperation and contributions from many people who had generously assist me in this study.

First and foremost, I would like to express my highest gratitude to my advisor, Madam Zabidah Zainal for the encouragement, valuable guidance and motivation rendered throughout the completion of this project paper. It was a great privilege to work under your supervision and professionalism, which guided me to stay focus on my genuine thoughts and completing this undertaking.

My deepest appreciation also goes to my Supervisor, Madam Sarinah Kamaruddin in the Sabah Economic Development Corporation (SEDCO) for her ongoing support, supervision and in giving precious materials and in formations related to this study. Special thanks goes to all my workmates in the Sabah Economic Development Corporation (SEDCO) especially in Business Monitoring and MIS section who had given me full assistance and cooperation during my practical training.

A note of thanks goes to my colleagues who involve directly or indirectly for their friendship and unselfish support during the course of completing this study. Last but not least, a special gratitude also goes to my lovely parents and dearest siblings. They gave me strength, dreams, courage, inspiration and unconditional love which influence my greatest success throughout my pursuit of this degree. My endless gratitude and love would never be enough.

1.2 BACKGROUND OF COMPANY

Company Profile

Sabah Economic Development Corporation (SEDCO) was formed on 21 December 1971 as a state-owned agency to assist in the government efforts in stimulating industrial, commercial and sosio-economic development of the state of Sabah. The company vision is to be the model corporation in the state economic development and the mission is to accelerate state economic development and promote greater participation of Bumiputera Commercial and Industrial Community (BCIC) whilst ensuring sustainability and growth of the corporation. The main objective of SEDCO is to accelerate industrial and commercial development in the state and to effectuate greater bumiputera participation in commerce and industry. SEDCO has important roles that include the following:

- To promote economic development especially industrial development including various aspects of planning and promotion of industrial capacity creation through direct investment, leading to development of target industries in the state.
- To provide modern industrial and commercial infrastructure, including the planning and execution of infrastructures projects.
- To promote the business image of Sabah, incorporating all aspects of promoting Sabah as a conducive and attractive business center.
- To create Bumiputera Commercial and Industrial Community (BCIC)
