IDT263: PROFESSIONAL DESIGN PRACTICE

<b>Course Name (English)</b>	PROFESSIONAL DESIGN PRACTICE <b>APPROVED</b>
<b>Course Code</b>	IDT263
<b>MQF Credit</b>	2
<b>Course Description</b>	<p>The Professional Design Practice course is designed to give exposure to students on how they should present themselves in appropriate physical appearances and work documentation for professional career practice especially in the industrial design field. The students will apply ethics learning in preparing for job application and professional career. The preparation includes certain aspects through self-grooming standard, resume and portfolio preparation, practice on interview and then practice on conducting an event. The course will provide guidelines for the students on how to justify the suitable attire to ensure their readiness for multiple categories of occasions. They will be exposed to guidelines and tutorials in compiling proper work documentation processes with the help of necessary software. Students are able to produce their own designer's portfolio based on the guidelines taught by the course for lifelong learning. Importantly, this course also prepares the students with the skill in working as a team. Moreover, this course will train the students to organize their own event through teamwork and committee management skills. This course will build the student's confidence in developing self-image presentation, with knowledge of personal grooming, ethics, career readiness and working in a team or organization.</p>
<b>Transferable Skills</b>	Justify the appropriate professional physical appearances. Knowledge of grooming, ethics and career readiness. Resume and portfolio preparation. Teamwork and committee management skills.
