UNIVERSITI TEKNOLOGI MARA

INA535: DISPLAY DESIGN TECHNOLOGY

Course Name (English)	DISPLAY DESIGN TECHNOLOGY APPROVED
Course Code	INA535

MQF Credit	2

Course Description	This course will investigate recent trends and innovations in heritage informatics, focusing as much on the changing role of the cultural institution as on the technologies that have both driven and enabled such change. This will entail that, in addition to our core concern with technological innovation, we shall also by necessity be critically scrutinizing in some depth the cultural, social, political, economic, and legal frameworks within which digital 'memory institutions' are designed and presented to public view.

Transferable Skills	information skills communication skills presentation skills design skills technologies skills

Teaching Methodologies	Lectures, Demonstrations, Field Trip, Museum Session, Workshop

CLO	CLO1 Identify application areas for information and communication technologies. CLO2 Identify the state-of-the-art technologies and technology trends in display design. CLO3 Identify the development of systems using appropriate technologies, techniques, and software in display design.

Pre-Requisite Courses	No course recommendations
