#### **ABSTRACT**

# CONSOLE TABLES MADE OF WOOD OFF-CUTS FROM Neolamarckia cadamba (KELEMPAYAN)

The lack of raw material resources has caused the Malaysian furniture industry to use new alternatives to maintaining furniture production. Generally known, good properties of wood, leads Malaysia to be top five ranks biggest exporter to developed country such as USA, Japan, China, Singapore, Australia, and many big countries. Therefore, to solve limited raw material resources, console table made from *Neolamarckia cadamba* has been created. The objective of this study is to produce a console table by maximizing usage of wood log that made by *Neolamarckia cadamba* (Kelempayan) as well as to analyse respondent's feedback on the console table made of Kelempayan based on the raw material, design, marketing, and satisfaction of the product. Respondents agree with the element based on material, design, marketing, and product satisfaction, according to the study's findings. As a result, the goal of this study has been met. The product design was well received by many respondents

#### **ACKNOWLEDGEMENTS**

First and foremost, I would deliver my gratitude to Allah for whom with His willing gives me the most precious opportunity to complete this thesis and for giving me the tranquillity of mind to handle all the obstacles and difficulties in finishing this task properly.

A special thanks to my dedicated supervisor, Zaimatul Aqmar binti Abdullah for the help, guidance, and enthusiasm throughout the whole process of completing this thesis. Additionally, I am very grateful for the friendship of all the class members who always help me to finish the thesis. I would like to thank the staffs of furniture workshop, Abdul Rahman bin Ahmad because always give me solution for my problem and teach me how to use a machine at the workshop.

Finally, and most importantly, I would like to thank my family: parents, for their faith in me and allowing me to be as ambitious as I wanted. Your pray for me was what sustained me thus far

Nurul Filzah binti Mohd Rahim (2020628562)
