CLASS: RBA2426B

ADVISOR: MISS ROZIHANIM BT SHEKH ZAIN

EXAMINER: DR. CHEN JEN EEM

DATE OF SUBMISSION: 29 JANUARY 2024

EXECUTIVE SUMMARY

My transformative 6-month internship at KPJ Perlis Specialist Hospital is encapsulated in this executive summary, offering a concise preview of the report's key aspects. The company analysis section of the report provides a comprehensive profile of KPJ Perlis Specialist Hospital, a leading private specialist healthcare group in Malaysia. As the 25th hospital in the KPJ Group, KPJ Perlis is the first specialist hospital in Perlis and operates under the esteemed KPJ Healthcare Berhad. The hospital is dedicated to delivering international-standard quality healthcare services, supported by state-of-the-art facilities and a highly-trained team. The analysis highlights the hospital's background, location, vision, mission, core values, objectives, goals, services offered, and outlines its organizational structure. This analysis offers a deep understanding of KPJ Perlis Specialist Hospital's operations, values, and commitment to providing exceptional healthcare services.

Meanwhile, the second section of this report focuses on research analysis. In this section, the primary objective was to investigate the determinants of inflation in five selected ASEAN countries which are Malaysia, Indonesia, Vietnam, Thailand, and the Philippines. The research spanned a significant period from 2013 to 2022. Utilizing thorough data analysis and econometric modelling, the study aimed to identify the key factors influencing inflation rates in those country. The resulting findings and insights illuminate the intricate dynamics and potential drivers of inflation in the selected ASEAN region. Lastly, these research outcomes offer valuable insights for policymakers, businesses, and other stakeholders seeking a nuanced understanding of the inflationary landscape in these countries and strategies to address this issue.

2.0 COMPANY'S PROFILE

2.1 BACKGROUND OF KPJ PERLIS SPECIALIST HOSPITAL

KPJ Perlis Specialist Hospital, stands as a recent addition to the esteemed KPJ Healthcare Berhad, a leading private specialist healthcare group in Malaysia. It marks a significant milestone as the first specialist hospital in Perlis. Operating under the umbrella of KPJ Healthcare Berhad, owned and managed by Johor Corporation Berhad, this hospital is the 25th in the KPJ Group, leveraging four decades of experience in delivering healthcare services.

Familiarly referred to as KPJ Perlis, this hospital is not just a healthcare facility but a hub of comprehensive medical assistance and specialist care. The synergistic partnership and network of specialists within the KPJ Group contribute to the wealth of expertise, experience, and technology available to patients. The commitment to providing international-standard quality healthcare services is evident in the state-of-the-art facilities and a highly-trained team.

The new hospital in Perlis is designed with meticulous attention to detail, ensuring that patient needs are at the forefront. From room designs and decorations to creating the right ambiance and addressing nutritional requirements, every aspect is carefully considered. This patient-centric approach is complemented by a picturesque location, surrounded by contemporary architectural buildings set against the backdrop of paddy fields and traditional villages. KPJ Perlis Specialist Hospital emerges not only as a healthcare provider but as a holistic healthcare experience.
