## ACKNOWLEDGMENT

First and foremost, we would like to thank the God Almighty for His blessings; we managed to complete this final year project although completing this research was indeed challenging and difficult.

We would also like to give our special thanks to our helpful supervisor, Mr. Mohd Rahezzal, for helping and guiding us in completing this research report on "The Study of Youth Awareness on Government Program in Combating Corruption". The supervision and support that he gave truly help the progressions and smoothness of our report writing. The cooperation is much indeed appreciated.

We also wish to express our profound gratitude to Madam Dayang Siti Noor Saufidah for helping and giving advices to us in completing this research. We will always be thankful for her strictness that made us work harder.

We also would like to thank our lectures who taught us many things that are useful for in completing this research. They had always supported and motivated us to do our best in this research.

Last but not least, deepest thanks and appreciation also to our parents, family, friend and others for their cooperation, encouragement, constructive suggestions and full support for the report completion, from the beginning till the end. Thanks to all of your contribution by supporting our work and helps during th report writing progress till it is fully completed.

## TABLE OF Abstract

Page

This research tends to measure the level of youth awareness on government program in combating corruption. To obtain the result for this study, we using primary data which is by distributing a questionnaire to the respondents. Around 100 respondents were given questionnaire in order to obtain the result which later will be analyzing using SPSS. The distribution of data were only around Sepanggar area because the youth around this area mostly youth. Based on the findings we get, the result shown that the level of youth awareness on government program was in moderate level. Hence, the government still has to do their best in combating corruption by giving the youth to take part in combating corruption.

2.1 Literature Review	8
2.1.1 Corruption	8
2.1.2 history in control corruption	9
2.1.3 Combating corruption in Finland	12
2.1.4 Effort by the Government	14
2.1.5 Measurement Tools	17
2.2 Conceptual Framework	21
CHAPTER III Research Methodology	
3.1 Primary Data	23
3.2 Secondary Data	23
3.3 Sampling Procedure	23
3.4 Instrumentation and Measurement	24
3.5 Unit of Analysis	25
CHAPTER IV Findings	
4.1 Descriptive Statistics	28
4.2 Inferential Statistics	38
CHAPTER V	
5.1 Main Findings	42
5.1.1 Youth Knowledge about Corruption	44
