2. I would like to take this opportunity to thank all those who have been **directly or indirectly involved in the success of this significant event.**

Ladies and Gentleman,

3. Before I proceed further, let me share with you about our beloved university. UiTM is the largest university in Malaysia. We provide world-class education with one of Malaysia's most affordable tuition fees. Currently, there are **34 campuses throughout all 13 states in Malaysia, with UiTM Shah Alam being the main campus**, the center of administration. Supported by **18,469 academic and non-academic staff**, UiTM offers **513 quality programs** ranging from foundation to postgraduate levels. Home to about **190,000** local and international students, UiTM stands out as one of Malaysia's most popular higher education destinations.

4. The MoU is in line with our vision to establish UiTM as a premier university of outstanding scholarship and academic excellence capable of providing leadership to Bumiputeras's dynamic involvement in all professional fields of world-class standards to produce globally competitive graduates of sound

ethics. With the implementation of the activities contained in the MoU, I genuinely believe we can create a win-win situation for both universities centered on friendship and cooperation, promotion of mutual understanding, **academic, cultural and scientific thought and personal exchange.**

This partnership is a crucial step for us to move forward internationally in line with the vision, mission and aspiration of **UiTM to be a globally renowned university.**

5. The main objective of MoU between UiTM and international universities is **to promote cooperation in research and publications, institutional exchanges, and teaching and learning development.** Also, the MoU aims to mutually promote information and activities about the academic and culture of partner universities.

6. I believe that the MoU between UiTM and University Muhammadiyah Malang, Indonesia will **create new opportunities for both universities in a larger perspective.**

This collaboration signifies a significant milestone towards a borderless and global continuous education in which all parties will get the chance to create and share new knowledge through various ventures.

7. I would like to express my sincere appreciation to the MoU and MoA committee team **at the Faculty of Health Sciences, UiTM Pulau Pinang Branch, and not forgotten the team from University Muhammadiyah Malang, Indonesia (UMM)**. Without your great effort, this MoU and MoA would not have materialized.

8. Before I end my speech, I would like **to reaffirm our commitment to the fulfillment of the agenda agreed upon in the MOU**. With continuous support from both parties, we will be able to overcome any hurdles and reap what we sow. Together, we make it great.

9. I am looking forward to a successful collaboration between both universities. Thank you.
