

POPULATION STUDY OF *ZINGIBER SPP.* (ZINGIBERACEAE) IN
UNIVERSITI TEKNOLOGI MARA (UiTM) RESERVE FOREST

By :

Azri Sham Bin Wahab

**A Final Project Paper Submitted in Partial Fulfilment for the Diploma in Wood
Industry, Faculty of Applied ScienceUniversiti Teknologi MARA (UiTM)**

April 2000

ACKNOWLEDGEMENT

First of all, I would like to take this opportunity to express my special thanks to Allah SWT for His blessing and strength rendered to me to complete my final project, title Population Study of *Zingiber spp.* (Zingiberaceae) in UiTM Reserve Forest.

I would like to offer my special thanks to my supervisor for the project, Tuan Sheikh Abdul Karim Yamani Zakaria for helping me at every phase of the study. Not forgot to Encik Abdul Halek Jaafar who is so helping me to find the information and resources for my project paper. I would like to express my most sincere thanks to him.

I also would like to thanks to all my friends, especially to my my group members (Shahril Kamaruddin, Fitri Sabol, Md. Ridhwan Khalib, Suzila Hashim and Suhaini Ali) because helping me and for their continuous support.

This thanks is also to extend my appreciation to those who are involved either directly or indirectly for completing this project paper. I belived, without their helps, I would not be able to complete this final project.
