## ABSTRACT

*This special project based on the period from 1st February 2017 until 29th June 2017 in Maintenance Department at Pertonas Chemicals Ethylene, Terengganu. The trainee is placed in Reliability and Integrity Management Sections (RIMS) under the supervision of Mrs Nadia Binti Ithnin which is a statisticians. The trainee is assigned to develop a form (impermenant inventory) as the special project which is SAP Master Data Update Request. Basically the is SAP Master Data Update Request is being considered in order to improve the level of management of handling an equipment in plant or site. Before this, they use traditional method so that it is such an ineffective way. However, the trainee also involved with other activities and programs which each of them gave new experience and gained a lot of knowledge. Throughout the industrial training session, the trainee had improved a lot of skills such as communication skill, problem solving, self-learning, teamwork and others. The industrial training session are going well until the end of the day. The staff in Pertonas Chemicals Ethylene gave a very good cooperation with the trainee during the industrial training session.*

## ACKNOWLEDGEMENT

Alhamdulillah, all praises to ALLAH S.W.T the almighty god for giving me the strength and such a golden opportunity to complete my five month's student industrial training at PETRONAS Chemical Ethylene and Polyethylene Sdn. Bhd. (PCEPESB). The journey would not be successful without the assistance and guidance from great people around me who have been constantly motivating me to go beyond my limit and finishing my training.

Firstly, I would like to give my biggest gratitude to the host company, PCEPESB for giving me an opportunity to experience a real life of working environment in my studying period. Next, my sincerest appreciation to my supervisor Mrs. Nadia Binti Ithnin, Executive Static for her guidance, patience and her willingness to be part of my student industrial training journey. From the first day my attachment she has patiently and constantly guiding me about the learning process. The milestone for my industrial training throughout five months has been developed which enable me to plan my daily activities systematically. Apart from that, I want to thank to all the staffs and engineers in Maintenance Department especially in Reliability and Integrity Management Sections (RIMS) for their endless support and assistance throughout my five month training period. It is a great privilege and experience for being able to know each one of them and gain vast of sharing experiences, life lesson stories and motivation from them.
