ACKNOWLEDGEMENT

In the name of God Almighty and Most Merciful, I am very thankful and highly appreciative for His many blessings and guidance. You had graced upon me throughout my life, especially so during the course of completing my BBA program.

It is, with a great sense of gratitude that I express my deep and sincere appreciation to each and every individual or organization that had lend support in enabling me to complete this thesis. First and foremost, my deep appreciation and thanks goes to my lead and dear supervisor, Dr Malvern Abdullah who had kindly taken me under this tutelage. His professional and intellectual advice had played an instrumental role in the conceptualization, designation and completion of this thesis. I am very indebted to him for shepherding me throughout the entire course of completing this thesis.

My gratitude and thanks also goes to my second supervisor, Miss Irdawaty Haji Jaya and BBA course coordinator Madam Hajah Oriah Haji Akir, for their constructive comments, guidance and understanding in ensuring the successful completion of this paper.

Special thanks to my mother Margensita Delvo whom had given her strong encouragement, moral and financial support. I would also like to record my deep deprecation to those whom had rendered their support in enabling me to complete this final year project.

To my fellow classmates and friends in BBA program, particularly Stephenie anak Stephen, Stephanie Lallai anak Tuah, Rose Bibi Mawan, all the friends that had helped me that I forgot to mention thank you very much for supporting me in one way or another making my task in pursuing a BBA program easier in UiTM Campus Samarahan. May God's blessing and peace will always be upon all of you.
