Interdependence is a higher value than independence.

Thank God for giving me good health and the inspiration while completing my project paper.

This project paper is a synergistic product mind and could not have been completed without the support, cooperation and encouragement of a number of people.

For the development, completion and production of this project paper, I feel a deep sense of gratitude to my advisor Puan Serah Jaya, for her valuable guidance and support. These special thanks also addressed to my second examiner, P.M. Dr. Rosita Hj. Suhaimi for her valuable advices and comments in making this project paper more informative and useful.

Special acknowledgement goes to Syarikat Sesco Berhad officers and staffs whom direct and indirectly involved in this project especially those who willing to spare their times to responded to the questionnaires distributed.

I owe a great deal to Mr. James Liping, Training Coordinator of Syarikat Sesco Berhad , who had willingness to be interviewed and provide me with the valuable information related to my Project Paper.

Finally, I wish to record my debt to my family. Their patience is the most important contribution by far.
