

Research **NEWS**

2/2024

Office of Deputy Vice-Chancellor
(Research & Innovation)
Universiti Teknologi MARA

MESSAGE FROM THE CHIEF EDITOR

As the newly appointed Chief Editor for this magazine, I am thrilled to present the 2/2024 Research News, marking my first task in this esteemed role. It is with great enthusiasm that with this medium, I can invite all members of Universiti Teknologi MARA (UiTM) to delve into our research magazine, a comprehensive compilation of the remarkable activities, research agendas, and achievements of our dedicated staffs.

This magazine not only highlights our university's visibility but also aims to inspire and encourage entire UiTM to actively engage in our research endeavours, in alignment with our mission of GRU2025. I truly appreciate your support by giving a time in reading the previous and newly published Research News

I hope that *Research News* serves as a valuable resource, a medium of encouragement, and a bridge connecting others to the vibrant research community at UiTM.

Mohamed Izzat Mohamed Khalil

Coordinator of Research Communication & Visibility (UKPV)
Office of Deputy Vice-Chancellor (Research & Innovation) UiTM
