Research Mobility Program at Attarat Oil Shale Fired Power Plant (APCO), Jordan

By : Asmalia Zanal & Norsabrina Sihab

A decorative graphic featuring a watercolor splash in shades of blue, purple, and teal. The splash is composed of overlapping, semi-transparent layers of color, creating a soft, ethereal effect. Small, light blue dots are scattered around the splash, adding a sparkling or starry texture. The overall shape is roughly circular but irregular, with some areas appearing more saturated than others.

Thank you

See you again in the next edition!
