

NON- FIBROUS ADDITIVE IN PAPERMAKING

BY

NORASIKIN BINTI JOHARI

Final project submitted for the requirement

Diploma in Wood Industry, Faculty of Applied Sciences

Universiti Teknologi MARA

Nov 2004

TABLE OF CONTENTS

	Pages
DEDICATION.....	iii
ACKNOWLEDGEMENT.....	iv
LIST OF TABLES.....	v
LIST OF FIGURES.....	vi
ABSTRACT.....	vii
ABSTRAK.....	viii
CHAPTER ONE	
1.0 INTRODUCTION.....	1
1.1 Objectives.....	3
1.2 Importance of additives.....	4
CHAPTER TWO	
2.0 LITERATURE REVIEW	
2.1 Retention aids.....	5
2.1.1 The chemical nature of retention aids.....	7
2.1.1.1 Inorganic salts.....	7
2.1.1.2 Retention aids based on natural. organic raw material	8
2.1.1.3 Synthetic, water- soluble.....	8
organic polymers	
2.1.1.3.1 Polyacrylamides.....	9
2.1.1.3.1.1 Non-ionic polyacrylamides	9

	2.1.1.3.1.2 Ionic polyacrylamides	9
	2.1.1.3.1.3 Cationic polyacrylamides	10
	2.1.1.3.1.4 Anionic polyacrylamides	11
	2.1.1.3.2 Polyethylenimine (PEI)...	12
	2.1.1.3.3 Polyethylene (PEO).....	13
2.2	Wet – end additives.....	14
2.2.1	Use of starch as wet –end additive.....	15
2.2.2	Use of vegetable gum as a wet-end additive	16
2.2.3	Use of synthetic hydrophilic(water- soluble) Material as wet- end additives	17
2.3	Dry strength additives.....	19
2.3.1	Importance of dry strength additives.....	19
2.3.2	Three most generally used dry strength additives	20
2.3.2.1	Cationic starch.....	20
2.3.2.1.1	Composition.....	20
2.3.2.1.2	Function.....	21
2.3.2.1.3	Strategies for use.....	21
2.3.2.2	Vegetable gums.....	22
2.3.2.3	Polyacrylamide resins.....	23
2.4	Filler.....	24
2.4.1	Commercial use of fillers.....	25
2.4.2	Types of fillers used.....	26
2.5	Sizing.....	28
2.5.1	Types of sizing agents used.....	29
2.5.2	Types of synthetic size.....	30
2.5.2.1	Alkyl ketene dimer (AKD).....	30
2.5.2.2	Alkenyl succinic anhydride (ASA)	32
2.6	Chemical dyes.....	33

CHAPTER THREE

3.0	THE IMPORTANCE OF PAPER ADDITIVES.....	35
------------	---	-----------

ACKNOWLEDGEMENT

ALHAMDULILLAH.....I would like to thank almighty ALLAH for his blessing leading to the success of this final project.

Firstly, I would like to thanks a lot of head of programmed En. Wan Mohd Nazri bin Wan Abd. Rahman and project Advisor is En.Amran bin Shafie for their support., helping me at every phase of the study, advise and understanding towards my final project paper. Secondly, I also thanks to Miss Junaiza binti Ahmad Zaki as an assistant project advisor.

Finally, I would like to my greatest gratitude to my family and friends especially to all my classmates batch of Nov 2001 – Nov 2004. They always give their support to me. Thanks a lot. I hope this project paper can give information to all people or student about additive in papermaking.

NON- FIBROUS ADDITIVE

IN

PAPERMAKING

BY

NORASIKIN BINTI JOHARI

October 2004

ABSTRACT

The review was done to identify the types of non- fibrous additives in papermaking. Basically the additives give the higher strength to the paper and it is because of it properties, function and effect of additives. Beside that, the chemical substance that use in papermaking and how it will react will be also identifies.
