

Factory Production Control for CE Marking On Construction Product

By:

NIK HASMAWATI NIK DIN

**Final Project submitted in partial fulfillment for the
DIPLOMA IN WOOD INDUSTRY,
FACULTY OF APPLIED SCIENCE,
UNIVERSITI TEKNOLOGY MARA,
PAHANG DARUL MAKMUR**

NOVEMBER 2006

ACKNOWLEDGEMENTS

Alhamdulillah, thank God the Almighty Allah S.W.T as the permission given. I can complete my thesis with successfully. I would like to express my deepest appreciation sincere gratitude to my advisor, Puan Norhafizah bte Rosman for her full of support and help. She also gives me information about my project. Sincere thank's to Prof. Dr. Jamaludin bin Kassim for kindly extending all facilities and cooperation given during the course of study.

Thanks for my beloved parents for their moral and financial support throughout the years study. To all my beloved friends, thanks a lot for your support and helping in doing this thesis.

Lastly, to someone that is quite special in my life, thanks for your care, your support and all give me a lot of spirit, and I'm really appreciating it.

I'm also extend my appreciation to those who are involve direct or indirectly in making this project, only Allah can repay their kindness.

FACTORY PRODUCTION CONTROL FOR CE MARKING ON CONSTRUCTION PRODUCT

By:

NIK HASMAWATI NIK DIN

November 2006

ABSTRACT

Effective from 1 April 2004, panel products intended for European market have to bear the CE Marking. For the manufacturer to conform to the marking, factory production control (FPC) system is necessary to be set up at all levels of attestation of conformity. This project describes the requirements of FPC and highlights the specific characteristics performances to be considered and verified for panel products.
