## **ACKNOWLEDGEMENT**

Alhamdulillah, first of all I would like thank to Allah S.W.T because with his blessing, finally I have finished my project paper. Therefore, I would like to dedicate my appreciation toward all people who had been very kind to lend their hands to me in completing my project paper. Firstly I would like to dedicate extend my greatest thanks to my project advisor, Mrs Mazlin Binti Hj Kusin and for subject, Madam Norhafizah Binti Rosman for their support. Thank also to my best friend Mohd Azhari Bin Abd Aziz and my beloved sister Nur Hazila Binti Abdul Ghani because give me support and help me in find the information. To all my classmate who been very cooperative and helpful. I would like to give a bouquet of thank to them and for all lectures for teaching and gives knowledge for me during my 3 years study here. Thank you very much for all of the cooperation, patience, understanding, and sacrifices, which are put on for me. I really appreciate it. I am very fortunate to have all wonderful people around me who had always being there for me.

## **Abstract**

### **A Survey on Product Development in the Furniture Making**

By

**MUHAMMAD HAFIZUL BIN ABDUL GHANI**

April 2007

Nowadays, the sophisticated technologies are parallel with the inventor's creativity in furniture making. Each house must have furniture's as it is very useful in life. There are many types of furniture in the market such as chair, table, kitchen cabinet and bedroom set design with attractive pattern which suitable with the market demand. The pattern includes flora and fauna, as well as abstract and modern pattern, which give people who loves disparity more choices in choosing furniture. That is why, the furniture industry nowadays, become more profitable.
