ACKNOWLEDGEMENT

Assalamualaikum w.b.t

Praise to the almighty Allah the most gracious and the most merciful, for His blessing that give us healthy either physical nor mental to finish this final project properly and also get finish a project report in subject WTE 375; Final Project.

Not forgot to Mr. Proffesor Dr. Jamaludin bin Kasim who had been so obviously and dedication to give us a lot of commitment in helping us to make our Wardrobe Multifunction and also finish this report. Thanks for him guidance, critics and advises during the class. Our special thanks also to our project supervisor; Ms. Norhafizah binti Rosman who gives us spirits, advices and teach us how to make the project.

Besides that, we were thanked to all friends for their cooperation to give comments on our product. By the way, in the period times to finish grouping project we had a lot of wonderful moment and all memories that we will keep in our heart. We got a lot of experiences during we were making this project together. Indirectly, we learned many things about the spirit in cooperation to give the best commitment to do work together.

Finally, our deepest and appreciation goes to the entire lecturers and stuffs in wood industry department especially to Mr. Rosli for his attention; borrow required tools for us to fulfill this project. Also thanks to our parent and to the contributions of those who are involve directly or indirectly in this project. Thank you.

ABSTRACT

This project was conducted by final semester students of Diploma in Wood Industry. The objectives of the study are to solve the problem usually faced by bedroom based of limited space and saving the time during. Inspired by that, this new and compact wardrobe with iron table designed which come with five criteria which is modern, simple, adjustable, saving space and more functional. In other word, the product that we have build is a new idea of looking forward to the future that will create new market demand.
