**Final Project Paper Submitted in Partial Fulfillment for the Diploma in Wood
Industry, Faculty of Applied Science, Universiti Teknologi MARA,**

March 2012

ACKNOWLEDGEMENTS

Praise and thanks to Allah SWT, the most gracious also the most merciful and for all creation of the creatures of everything. Without the opportunity from Allah SWT, we would not make this task clearly. Allah SWT gave us acknowledgement to be right here for doing His asked completely. All the mistakes in this project come from our weakness as human being.

We would like to highly appreciation and sincere gratitude to our project advisor, Mdm. Siti Zalifah binti Mahmud, and our thesis coordinator Prof. Madya Abdul Jalil bin Ahmad for their help, support and guidance throughout the study. And never forget thanks also to our staff, Mr. Rosli bin Jaafar for the cooperation and his support to finish our project. We also wish to thanks to all our member group's parents because they never stop to pray of our success in this subject. Besides that to all friends who directly or indirectly contributed invaluable support and encouragement toward the completion of this study. May Allah is blessing you.

ABSTRACT

This project was including by final semester students of diploma in course of wood industry. The objective of this study is to produce a project that we have learned it before in past semester, so the student must do a thesis project to show the input or skill of their study in this course. The total cost of making this bookshelf was RM524.80 in total. From the survey that has been done, the result was the acceptable is more than to unacceptable on the material used, design style, creativity in made this bookshelf. Therefore, this study has been developed bookshelf one Malaysia concept which designed based on the wanted of unity.
