# Preface

It is with great pleasure and pride that I present to you Voice of The Soul Volume III: A poetry compilation with the theme of Healing With Poetry. This volume is a testament to the power of words to heal, comfort, and transform. The 200 poems contained within these pages are diverse in theme and style, yet they are united by a common purpose which is to offer relief and insight during times of struggle and to celebrate the flexibility of the human spirit.

As the chief editor, I have had the honour of curating and refining these works, ensuring that each poem resonates with the theme of healing. This journey has been a deeply enriching experience, allowing me to witness the myriad ways in which poets can articulate pain, joy, hope, and recovery. Each contributor has poured their heart and soul into their verses, creating a tapestry of emotions and reflections that will undoubtedly touch every reader.

This compilation would not have been possible without the unwavering support and collaboration of many individuals. I extend my heartfelt gratitude to our dedicated team of editors, who meticulously reviewed each submission, and to the poets whose bravery and creativity have brought this project to life. Special thanks are also due to our publishing team for their hard work in bringing this volume to fruition.

Healing With Poetry is more than just a collection of poems; it is a journey through the human experience, offering a beacon of light for those navigating the darker times. It is my hope that these poems will provide you with the same comfort and inspiration that they have given me.

Thank you for joining us on this journey of healing and self-discovery.

Warm regards,  
Editor-in-Chief  
**Sharina Sa'ad**

## JOURNEY TO SELF-FORGIVENESS

By : Nur Syafiqah Abdul Kadar

In the quiet corners of your soul,  
Where guilt and shame linger, wet and cold,  
Forgive yourself, hush your weary heart,  
For you did your best from the very start.

As the gloomy clouds of moments passed,  
Memories loomed where dark shadows were cast,  
You navigated with what wisdom you had,  
You still pushed on through, only looking ahead.

Mistakes, like raindrops, fall heavy and unkind,  
Yet you sought solace in what you could find,  
Each choice you made, though not all right,  
Was guided only by your flickering light.

For what you knew in days gone by,  
Shaped your path beneath the moonless sky,  
The lessons you learned, the tears that you shed,  
Are the markers on this road you tread.

So, let the murmurs of judgment cease,  
Grant yourself compassion and the gift of peace,  
It was a tough journey, you are tired - rest,  
And remind yourself that you have tried your best.
