Preface

It is with great pleasure and pride that I present to you Voice of The Soul Volume III: A poetry compilation with the theme of Healing With Poetry. This volume is a testament to the power of words to heal, comfort, and transform. The 200 poems contained within these pages are diverse in theme and style, yet they are united by a common purpose which is to offer relief and insight during times of struggle and to celebrate the flexibility of the human spirit.

As the chief editor, I have had the honour of curating and refining these works, ensuring that each poem resonates with the theme of healing. This journey has been a deeply enriching experience, allowing me to witness the myriad ways in which poets can articulate pain, joy, hope, and recovery. Each contributor has poured their heart and soul into their verses, creating a tapestry of emotions and reflections that will undoubtedly touch every reader.

This compilation would not have been possible without the unwavering support and collaboration of many individuals. I extend my heartfelt gratitude to our dedicated team of editors, who meticulously reviewed each submission, and to the poets whose bravery and creativity have brought this project to life. Special thanks are also due to our publishing team for their hard work in bringing this volume to fruition.

Healing With Poetry is more than just a collection of poems; it is a journey through the human experience, offering a beacon of light for those navigating the darker times. It is my hope that these poems will provide you with the same comfort and inspiration that they have given me.

Thank you for joining us on this journey of healing and self-discovery.

Warm regards, Editor- in – Chief **Sharina Sa'ad**

# **NORMAL** Oleh : Nurziehan Baharuddin

Pernah bangun pernah jatuh pernah lari pernah lelah pernah ketemu pernah hilang pernah gagah pernah goyah pernah di atas juga di bawah apa lagi? ketawa dan menangis? sedar dan lupa?

#### Hidup..

umpama satu titik bertemu titik mewujud bentuk bulat kitaran pun berulang tak pernah bertemu bucu mungkin kamu gelar itu normal selalunya aku jemu dengan normal kadang aku rindu pada normal.

# Maka..

aku mungkin hanya normal kerana terus-terusan aku jemu seolah serba kurang pada normal sedangkan yang gila, mengharapkan diri untuk sekadar normal si gila yang sempurna kerana tak pernah merasakan kitaran normal.

# Translation Normal

Ever rise ever fell ever run ever tired ever met ever lost ever brave ever brave ever wavered once above also below. what else? Laugh and cry? aware and forget?

# Life..

like a dot meets a dot creating a round shape and the cycle repeats itself. Never met a corner. Maybe you call it normal. I'm usually tired of being normal. But, sometimes I do miss normal.

# So..

I might just be normal. Because I'm constantly tired.. As if everything is less than normal. While the crazy, expect themselves to be just normal.

The perfect lunatic for never feeling a 'normal'..
