## EXECUTIVE SUMMARY

The main focus of this report is my six-month internship at OCK Group Berhad (OCK Setia Engineering Sdn Bhd, Glenmarie, Shah Alam, Selangor). I was assigned to work as a Business Administration Trainee for Jacqueline Goh Chia Nee during the internship program. This report on industrial training covers eight sections. The preliminary page, which comprises the acknowledgment, table of contents, and executive summary, makes up the first portion. The student's profile, which includes the most recent CV, is in the second section. The profile of the company will be the next section. The trainee will describe the company's name, logo, address, history, mission, and vision as well as its organizational structure, and offerings of goods and services. The trainee explains the fourth section, which includes duration, working day and time, roles and responsibilities, activities allocated, and advantages received during the internship, in the context of training reflection. In the fifth segment, trainees will examine the SWOT analysis that OCK Group Berhad (OCK Setia Engineering Sdn Bhd) executed. This will be followed by recommendations that have been made to help the company improve its management. In the following section, the trainee will talk about the advantages of the internship experience. The trainee offers a few references as well to back up the assertion. The report's last section concludes with appendices, which include relevant photos from my internship.

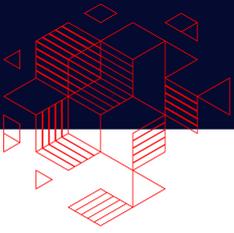

## TABLE OF CONTENT

<b>EXECUTIVE SUMMARY</b> .....	<b>1</b>
<b>TABLE OF CONTENT</b> .....	<b>2</b>
<b>1.0 ACKNOWLEDGEMENT</b> .....	<b>4</b>

## COMPANY'S PROFILE

### Name

OCK Group Sdn Bhd (OCK Setia Engineering Sdn Bhd)

### Location

OCK Group Sdn Bhd (OCK Setia Engineering Sdn Bhd) is located in Glenmarie, Shah Alam. The full address for OCK Group Berhad is No. 18, Jalan Jurunilai U1/20, Seksyen U1, HICOM Glenmarie Industrial Park, 40150 Shah Alam, Selangor. OCK holds its own building at Glenmarie as its office and factory.

### Background

OCK Group Berhad (often referred to as "OCK" or the "Group") was established in October 2000 and its primary business is offering telecommunications services, with the capacity to offer complete turnkey solutions. The four main business segments of OCK Group Berhad are Green Energy and Power Solutions, Trading of Telco and Network Products, M&E Engineering Services, and Telecommunication Network Services, which are what propel the company. They are able to construct, own, and lease rooftop structures and telecommunication towers to Malaysian telecommunication carriers as a Network Facilities Provider ("NFP") Licensee. Thanks to its experience in the telecom industry, the Group has increased its presence in the area by entering Myanmar, Vietnam, Indonesia, and Laos.

### Vision

OCK's vision is to be an innovative and leading provider of Telecommunication Network Services and Green Renewable Energy.

### Mission

The Group's mission is to exceed customer expectations through timely delivery of their value-added solutions and services.
