Design Thinking: Ideas & Impact is a workshop that explains the novel concept of design thinking. Also, it highlights how this problem-solving approach can be applied by our UiTM students in different contexts. This workshop was organised by ECLIPSE and is in line with UiTM vision which aims to produce holistic graduates who are creative and actively seeking solutions. This programme was conducted online on 10th June 2022 with the theme "Enhancing Students' Time Management as well as Decision-Making Skill". The workshop was attended by our very own Akademi Pengajian Bahasa students and was helmed by Mr. Syafirudin

Mustafa from Malaysian Global Innovation & Creativity Centre: MaGIC. We definitely need more workshops like these!
