EXECUTIVE SUMMARY

Begin from 12 March, 2024, to 16 August 2024. This internship is a required for my Bachelor's degree. This internship represents a major moment in my academic and professional growth, especially at Awan Packaging Sdn.Bhd's Finance Department. My Industrial Training course (MGT666), which aims to improve my knowledge and practical skills in a real-world business environment, depends heavily on this experience.

I have grown significantly both personally and professionally over the period of the 24-week internship, learning a great deal about the specifics of financial management and business operations. In addition to improving my knowledge of the field, the practical experience has improved my skills for working together and communicating.

This report strives to tell of my experience and accomplishments during the internship, describing the responsibilities given to me and the abilities I acquired. It will give thorough information on Awan Packaging Sdn Bhd, including its background, range of products, and location. In addition, a SWOT analysis framework will be used to examine the company's strengths, weaknesses, opportunities, and threats. It will also examine the company's overall performance and financial statistics, providing a comprehensive assessment of both its operational effectiveness and its financial health. All in all, my internship at Awan Packaging Sdn Bhd has been a life-changing opportunity that has given me a greater understanding of the workings of the packaging sector as well as practical skills and industry knowledge. I'm excited to put these lessons into practice in my next projects, advancing both my career and the success of the organisation.

COMPANY BACKGROUND

Awan Packaging Sdn. Bhd., established on December 12, 2003, has grown into a prominent entity over its 20-year and 6-month existence. The company was founded by Azman bin Mohamed and his dedicated team with a vision to excel in the packaging industry. The main company are located at 1937-H, Jalan IKS Bukit Minyak, Taman IKS Bukit Mertajam, Awan Packaging has carved out a niche specializing in various type of packaging solutions, transportation agency services, and general trading.

Awan Packaging's primary focus in the manufacturing and distribution of packaging materials and related products. They are renowned for their expertise in designing and producing packaging solutions that ensure the safety, security, and efficiency of transported goods. The company operates from multiple strategic locations to efficiently serve their client. Their main headquarters is located in Bukit Minyak, providing a central hub for administrative and operational functions. Additionally, Awan Packaging has established a branch at Kawasan Industri Mara (KIM), Simpang Ampat, to expand their manufacturing capabilities and enhance distribution efficiency. Furthermore, they maintain a well-equipped warehouse facility in Bayan Lepas, Pulau Pinang, ensuring seamless logistics and storage management.

Awan Packaging's core business revolves around the production and distribution of various packaging materials. They specialize in paper and printing services, offering customized solutions to meet specific client needs. One of their flagship products is fabricated foam, which is tailored to provide optimal protection during transportation and storage. In addition to foam, Awan Packaging offers a wide range of packaging materials including plastics, wood, and other related products essential for secure and efficient packaging solutions.

Awan Packaging has established a strong presence in the global market through its robust export and import activities. They actively engage in trade with key markets including China, Singapore, Japan, New Zealand and the United States. Their extensive network and logistical expertise enable them to effectively manage international transactions, ensuring timely delivery and customer satisfaction across borders. Looking ahead, Awan Packaging is poised for further growth and expansion. In October 2024, the company plans to relocate its main office and manufacturing operations to a new, state-of-the-art facility in Batu Kawan. This strategic move is aimed at enhancing production capacity, optimizing operational efficiency, and accommodating future business growth. With a steadfast commitment to innovation, quality, and customer satisfaction, Awan Packaging continues to set benchmarks in the packaging industry, poised for sustained success and leadership in the years to come.
