

FROM FASTING TO FEASTING: Embracing Ramadhan & Raya 2025

By: Ms. Aleyya Mardhiyyah Syafie and Mr. Muhammad 'Izzuddin Zamery

The holy month of Ramadan 1446H was marked with great enthusiasm and spiritual reflection at the Faculty of Pharmacy, Universiti Teknologi MARA (UiTM) Puncak Alam, as the Society of Pharmacy Students (SOPHYS) 2024/2025 and the Faculty of Pharmacy Student Secretariat (SMF) 2024/2025 successfully organised their annual programme, From Fasting to Feasting: Embracing Ramadan & Raya. The initiative aimed to enrich students' experiences by fostering religious, educational, and cultural engagement during the sacred period of Ramadan and the festive celebration of Hari Raya.

Various thoughtfully curated activities were held throughout the month to engage and inspire students. One of the ongoing initiatives, One Islamic Info a Day, featured daily snippets of Islamic knowledge shared through SOPHYS's official Instagram and WhatsApp groups for each batch. This small yet meaningful effort was designed to encourage students to integrate Islamic teachings into their everyday lives.

"Readers can scan the QR code provided to visit SOPHYS's social media platforms, where they can scroll through the collection of One Islamic Info a Day posts and browse the posters and highlights from the Ramadan & Raya programme."

On March 5, 2025, students enthusiastically participated in a Ramadan Quiz conducted via Kahoot!, showcasing their knowledge of Ramadan and competing in a spirited yet friendly environment. The quiz served as both an educational and bonding experience.

Creativity took center stage in the Virtual Raya Vibes: Digital Card Contest, which ran from March 3 to 31, 2025. This activity provided a platform for students to express their festive cheer through innovative and artistic digital designs. Concurrently, the Short Video Tazkirah programme also ran throughout March, focusing on the theme “Makanan Sunnah dalam Ramadan: Hikmah dan Kelebihan”. Through impactful short video reflections, students highlighted the wisdom and benefits of Sunnah foods during Ramadan. Notably, four students—Ainul Mardhiah Ali, Siti Insyirah Mohammed Tarmizi, Muhammad Ainul Hakim Nurulyakin, and Ahmad Mursyidin Arifin took part in this meaningful initiative, each contributing thoughtful insights and creative presentations to enrich the programme's message.

Overall, From Fasting to Feasting not only brought the spirit of Ramadan and Raya closer to campus life but also nurtured a sense of community, creativity, and spiritual awareness among students. The programme will continue with Raya-themed activities, culminating in a joyful Closing Ceremony scheduled for April 26, 2025, at DK500, UiTM Puncak Alam, where prizes will be awarded to the contest winners. All Warga UiTM Fakulti Farmasi are warmly invited to attend and celebrate the occasion together.
