## Con'td

Our current predicament are-

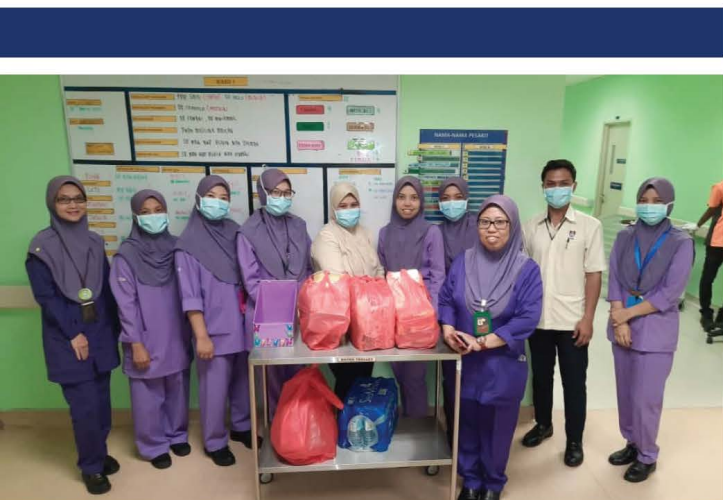

1. Need for PPE
2. Need for PPE
3. Need for PPE
4. Staffing - we are identifying nurses from FSK, dental etc who could be activated to help PPUITM
5. Equipments - we need to prepare for full activation of 114 beds. We need our ventilators from Puncak Alam, dialysis equipment as well as monitoring equipments.
6. Handling of samples and SARI cases- in optimisation phase
7. Keeping morales up

Thank you for all the support you have given thus far, it really helps mobilise resources and keeping our staff and patients safe. May God show us mercy and carry us through this exceedingly challenging times.
