Building Bridges Through International Mobility: A Joint Program between UiTM and Mulawarman University Indonesia

Prepared by
Wan Muhd Faez Bin Wan Ibrahim

The Faculty of Business and Management of UiTM Sarawak hosted a one-day international mobility online program, bringing together undergraduate students from UiTM Sarawak and its MOU partner Mulawarman University Indonesia. The program featured lectures from academics from both universities on topics such as finance, economics, and marketing.

This program offers invaluable opportunity for students from both universities to gain international exposure and understanding of their respective fields, while also providing a platform for cross-cultural collaboration and learning. Furthermore, it provides a platform for lecturers to exchange knowledge and experiences between the two universities, and hence helps to cultivate a collaborative and mutually beneficial relationship between the two institutions.

This program also provides a great opportunity for both UiTM and Mulawarman University to gain international recognition and exposure, while also helping to foster strong academic and cultural ties between both universities

Dr. Azilawati Banchit and Dr. Lee Wen Chiat represented UiTM Sarawak as speakers. Besides that, we also have speakers from Indonesia such as Dr. Rahmad Budi Suharto, Dr. Herning Indriastuti from Mulawarman University. All the participants had a great day. The opening remarks was delivered by Head of Program, Dr. Margaret Lucy Gregory
