PODCAST

# "ZAMAN NOW"

## CEO @ FACULTY

### **DATUK IR. TS. HJ. WAN NAZRI HJ. WAN ARIA**

As part of the ongoing initiative to strengthen academic-industry engagement under the CEO@Faculty Programme, the Faculty of Civil Engineering is proud to highlight the recent involvement of one of our distinguished CEOs, Datuk Ir. Ts. Hj. Wan Nazri Hj. Wan Aria, in the "Zaman Now" Podcast series. This notable appearance served not only as a platform to showcase his extensive industrial expertise but also as an avenue to share invaluable insights drawn from his professional journey. Through the session, Datuk Wan Nazri inspired alumni, current students, and the broader academic community by addressing contemporary industrial challenges and exploring future opportunities within the civil engineering landscape.

The podcast session marks a significant milestone and sets the tone for a series of upcoming collaborative initiatives with our CEO@Faculty participants. These efforts are a core component of the faculty's strategic direction, aimed at bridging the gap between theory and practice. By integrating real-world perspectives into the academic ecosystem, the faculty seeks to enrich student learning experiences, promote industry-informed research, and ultimately enhance the employability and industry-readiness of our graduates. The engagement underscores our continued commitment to cultivating a dynamic academic environment that evolves alongside the demands of the professional world.
