ACKNOWLEDGEMENT

In the journey of prepare this project paper, numerous personalities, directly or indirectly have extended their support and co-operation. We are truly indebted to them and hereby acknowledgement their contribution.

We acknowledge our delightful thanks to our beloved advisor, **Madam Nur Hafidzah Binti Idris**, for her guidance and encourage in completing this project paper successfully. Every discussion with her during the period of completion this project was extremely useful.

We would like to express our sense of gratitude to our second examiner **Madam Rohaiza Binti Kamis** for her continues support, guidance and comment. Due to her encouraging comment, we are able to improve our project paper.

We considered it is privilege to express our thanks to our family members and to our friends for their love, affection, encouragement and more important for the moral support showered on us during this entire.

ABSTRACT

This paper analyses the determinant of macroeconomic variables on non-performing loans in Malaysia. The main purpose of this study is to identify the factors that affect the non-performing loans in Malaysia. Other than that, the study is used to investigate whether there is significant relationship between macroeconomic variables with non-performing loan. Data utilized in this study spanned the period on first quarter 2006 to fourth quarter 2015.
