

FACULTY OF PHARMACY ACADEMIC EXCELLENCE AWARDS AND FAREWELL CEREMONY FOR RX20

BY: MDM. SYAHIDA FATHIAH AHMAD KAMAL

The Faculty of Pharmacy, Universiti Teknologi MARA (UiTM), recently held its Majlis Kecemerlangan Akademik dan Sending-Off Rx20 on 2 July 2025 to celebrate the achievements of its students in a heartfelt and meaningful event.

Held at DK500, the ceremony honoured recipients of the Postgraduate Faculty Award and the Dean's List Award for the October 2024 to February 2025 semester (20244). It also recognised students who had completed their studies and received the Anugerah Graduan Terbaik Program and Anugerah Graduan Terbaik Fakulti for the Diploma in Pharmacy and Bachelor of Pharmacy (Hons.) programmes at the 100th Universiti Teknologi MARA Convocation Ceremony.

Most notably, the event served as a sending-off for the final-year cohort (Rx20) as they prepare to embark on their professional journey as Provisionally Registered Pharmacists (PRP).

The event reflected the faculty's appreciation for its students' perseverance, excellence, and dedication throughout their academic journey.

In his address, the Dean of the Faculty of Pharmacy commended the Rx20 cohort for their resilience and adaptability. "You are a unique cohort – having navigated post-pandemic transitions, blended learning, and evolving pedagogical methods. Yet, you rose to the occasion and turned challenges into opportunities," he remarked.

Among the ceremony's highlights were the presentation of certificates to students who had passed the Qualifying Examination to Practice Pharmacy, a prerequisite for registration as pharmacists.

In addition, certificates of appreciation were awarded to students who brought distinction to the faculty by winning competitions at the university level, in recognition of their excellence in co-curricular activities, innovation, and leadership.

The ceremony culminated in a heartfelt moment as the Rx20 batch leader led the Pharmacist's Oath, symbolising the graduates' professional commitment and ethical responsibility to the pharmacy profession and society at large.

The Faculty of Pharmacy congratulates all award recipients and graduates on their accomplishments and looks forward to their continued success as ambassadors of UiTM and the pharmacy profession. May they contribute meaningfully to the advancement of healthcare and uphold the values of integrity, service, and excellence.
