## GUEST LECTURE ON ENGLISH SPEAKING FOR PRE-DIPLOMA STUDENTS

Written by: Imelia Laura Daneil and Shirley Clare Jeri

The Academy of Language Studies, Universiti Teknologi MARA (UiTM) Mukah, recently organized a guest lecture for the course LCC003 English Proficiency for Pre-Diploma III, conducted via Google Meet. The session was part of UiTM's efforts to enhance students' learning experience through academic sharing and collaboration with external institutions.

The invited speaker was Miss Stephanie anak Larry Daniel, an English lecturer from the University of Technology Sarawak (UTS), who shared her expertise on the topics of Speaking Test and Role Play.

During the lecture, Miss Stephanie provided valuable guidance on effective strategies to improve speaking performance, including pronunciation, intonation, fluency, and confidence. She also emphasised the importance of preparation, teamwork, and creativity in role play activities, which not only contribute to academic success but also develop essential communication skills for future professional settings.

Students actively engaged in the session, participating in interactive exercises and role-play practices under the speaker's guidance. The session received positive feedback from both students and lecturers for its practical insights, relevance, and interactive delivery.

This guest lecture underscores the importance of cross-institutional collaboration in enriching the learning process and preparing students for both academic and real-world challenges.
