

POSTGRADUATE STUDY

Postgraduate study is an emotional, intellectual, and endurance-driven journey. Behind every thesis is a student who needs clarity, structure, and momentum. As a faculty, our collective involvement matters in creating the conditions for students to Graduate-on-Time (GOT).

The Postgraduate Recruitment and Skill Development (PG-RAISE) is to complement and strengthen the supervisory ecosystem by introducing the GOT road map, bridging communication gaps, and creating a more supportive environment for postgraduate students (PGs). Below is a snapshot of the key PG-RAISE initiatives rolled out since its inception in June this year.

STRENGTHENING THE POSTGRADUATE JOURNEY

By: Dr. Norkasih Ibrahim on behalf of PG-RAISE Committee

DRP Dry-Run: Enhance Clarity, Confidence, and Readiness

Promoting Postgraduate Opportunities at UiTM Faculty of Pharmacy: PG@UiTM FPH!

Monthly Progress Meetings: Small Check-Ins, Big Impact

DRP DRY-RUN: ENHANCE CLARITY, CONFIDENCE, AND READINESS

This session offers a safe and structured rehearsal platform to help PGs understand panel expectations, identify weaknesses early, and strengthen the overall quality of their research proposals. Held two weeks before the final DRP each semester, this session allows students to provide constructive, respectful, and peer-led feedback, guided by lecturers.

Our first DRP Dry Run was conducted virtually on 20th August 2025, with six volunteer presenters: Nurul Ain Mat Riping, Han Bo, Alghuweel Taha Sulayiman Badr, Mohd Emir Hafidz Hafidzudin, Mohd Radzi Abd Aziz, and Mar'iyah Najihah Abdullah. Over 20 members of the postgraduate community attended the session, not only to learn but also to show strong peer support. Students shared that the dry run gave them clearer direction and helped them feel more prepared for the actual DRP assessment. We invite more supervisors to participate, whether as facilitators or observers for the next cohort of presenters.

PROMOTING POSTGRADUATE OPPORTUNITIES AT UiTM FACULTY OF PHARMACY: PG@UiTM FPH!

Two 'PG@UiTM FPH!' virtual promotions were conducted last August and October 2025. In August, a waiver of the BSN registration pin was offered, and this incentive benefitted 30 candidates who successfully registered for the October semester across both coursework and research programmes. In October, the promotion was paired with a research skill-sharing segment attracted more than 80 potential PG candidates. We hope these continuous efforts will spark even greater enthusiasm among potential students to choose UiTM for their advanced studies in the coming semesters.

MONTHLY PROGRESS MEETINGS: SMALL CHECK-INS, BIG IMPACT

Progress stalls when students are disconnected from the system. To prevent this, the Monthly Progress Meetings were launched as short, structured check-ins that ensure every student stays visible and on track. Beginning 21st October 2025, these short meetings take place on Tuesdays of every third week. Designed to be casual and confidential, this small group discussion allows students to share struggles honestly and receive timely guidance in their GOT roadmap. A full timetable has been shared with all PGs to help them prepare in advance and know their scheduled turn. Faculty members are encouraged to support this effort by using insights from meetings to tighten supervision plans.

Your continued involvement, guidance, and encouragement represent the faculty's commitment to strengthening the postgraduate ecosystem.

Virtual OPEN DAY

Dept. of Pharmacy Practice & Clinical Pharmacy
Faculty of Pharmacy UiTM

21 AUGUST 2025 (THURSDAY)
1:00 PM – 2:00 PM

AP Dr. Shubashini
Head of Dept.

Dr. Ain
Prog. Coordinator (PH777)

Dr. Kamaliyah
Prog. Coordinator (PH778)

Dr. Norkasihan
Head of Postgraduate

Postgraduate Opportunity!
Master by Coursework

Master in Clinical Pharmacy (PH777)
Master in Pharmacy Practice (PH778)
in **HYBRID MODE**

SESSION FEATURES

- ✔ Program content
- ✔ Requirements
- ✔ Teaching team
- ✔ PG benefits
