FOREWORD

Assalamualaikum Warahmatullahi Wabarakatuh,
Greetings

Perpustakaan Tun Abdul Razak (PTAR) UiTM is committed to realize the aspirations of Universiti Teknologi MARA (UiTM) to continuously achieve excellence and uplift UiTM to the global level. Thus, improving the quality of the information delivery system has become the focus of PTAR in fulfilling the needs and expectations of our customers. PTAR has gone through four (4) phases of transformation before becoming a Digital Library. To ensure the library continues to be relevant and competitive, the library improves its service to its customers through service, collections and latest processes that conforms to the needs of teaching, learning and research in UiTM.

Multiple successes have been achieved, proving that PTAR is able to provide superior and quality service to meet current customer expectations. I hope that PTAR continues to foster smart partnerships towards developing a global brand to produce excellent and outstanding academics and graduates. This is in line with UiTM's theme of "Unleashing Potentials, Shaping the Future".

Finally, I hope that the UiTM Digital Library book becomes a useful resource for services, collections and processes offered by the university.

Ts. NOOR HIDAYAT BIN ADNAN
Chief Librarian

DIGITAL LIBRARY SERVICES
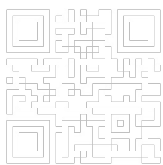

INFORMATION SKILLS CLASS (eKKM)

https://ekkm.uitm.edu.my/

Through the initiative of the eKKM system, Library users can perform bookings for the information management classes along with the registration when attending KKM online.

eKKM

Bookings for the information literacy class can be done through the portal **https://ekkm.uitm.edu.my**

LIBRARY e-RESOURCES

https://ptar.uitm.edu.my/pddt/subjects/databases.php

The e-Resources Zone Terminal is a service provided to Library users to gain fast to access the library's electronic resources without needing to go through the Library e-Resources login screen

★**One stop centre for e-Resources @ PTAR**
★**e-Resources available are :**
- E Books
- UiTM Institutional Repository
- UiTM Digital Collection
- Exam Papers (EQPS)
- e-Newspapers
- Library User Guides

★**Direct access to e-Resources**

CHAT WITH LIBRARIAN

https://ptar.uitm.edu.my/libchat/

An online chatting service to answer queries from users regarding available services, collections, resources and research.

STEP 1

DIGITAL LIBRARY PROCESS

WEB BASED INTEGRATED LIBRARY SYSTEM

https://library.uitm.edu.my/opac.html

Library's management system that includes the main module such as the purchase of resources (books and serial publications), cataloguing, circulation (borrow, return, renew and book), materials search, article indexing, inter-library loans, and material recommendations

INTEGRATION
Integration between Financial System (FAIS) and Web Based Integrated Library System (WILS)

DEAN PORTAL
Material recommendation approval by the Dean using the Dean Portal

VENDOR PORTAL
Management of resource purchase from the supplier through the Vendor Portal

ARTICLES INDEXING
Search for newspaper clippings through Article Indexing

RECOMENDATION ONLINE
Purchase of recommended materials by lecturers through Recommendation Online
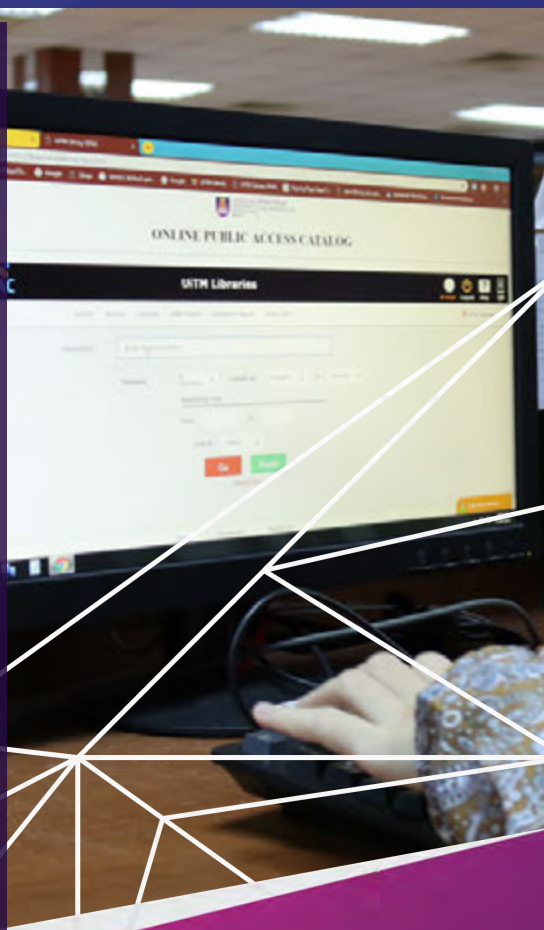

CATALOGUING
Cataloguing of university resources through Cataloguing

CIRCULATION
Use of Circulation for borrowing / returns / bookings / renewals

REFERENCE DESK MANAGEMENT SYSTEM (RDMS)

http://online.ptar.uitm.edu.my/rdms/

The RDMS system is offered online to manage the questions posed by the library's customers at the library's consultation desk. Information about the queries can be retrieved through the RDMS system

Reference Category

- Face to face
- Email from chat
- Telephone
- Email
- Social Media
- Instant Messenger

Query Types

- Online Databases
- Digital Collection
- Internet
- OPAC
- Law Collection
- Reference Citations

LIBRARY DOCUMENT MANAGEMENT SYSTEM
The management system for digital management documents of the library
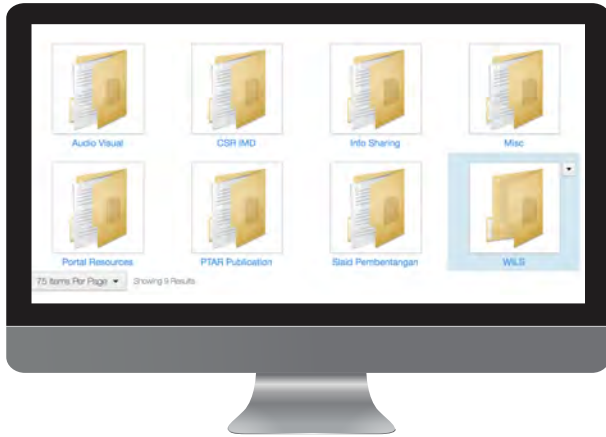

Among the documents accessible are Forms, PTAR Photo Collections, Minutes of Meeting, Reports, and Circulars. There are also public documents shared with external users such as presentation slides, PTAR publications, CSR activities and Info Sharing

PTAR ATTENDANCE SYSTEM
A recording system for the library's staff attendance to the office using biometric technology
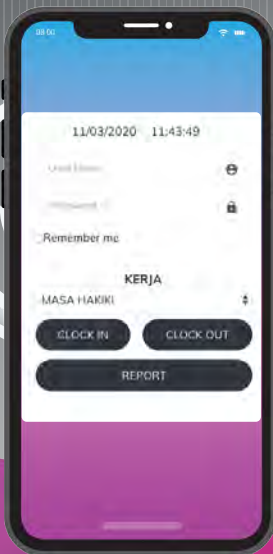

- Integration with Human Resources Management
- Easy reporting
- Intranet access

ONLINE DATABASE MANAGEMENT SYSTEM

A user monitoring online database resource that is subscribed by the university
