## INTRODUCTION

I'm Freddie Mangalis as a student of UiTM Sabah glad doing my practical industry at this company for 3 months starting 09.06.2014 until 19.09.2014. Thank you so much to Sabah Softwood Berhad (Mawang Estate) for accepts me to do my practical industry in this company.

My experiences doing my practical in this company make me more interest in industry plantation. In this company, I have learned so much about routine workers which I have study in UiTM and applied in this company.

Thank you to Manager Mawang Estate Abd Rashid Bin Hussein, Assistant Manager Tajuddin Bin Tombong and Harezam Bin Ahmad, and all the staff that involve in my practical industry for giving corporation to complete my practical in this company. All the services that have given to me will be remembered and be guideline for me in the future. Thank you.

## INTRODUCTION

Practical industry need to be done for complete my study in Diploma in Plantation. I have given assignment to make a folio about what I have learn in this practical industry. Therefore, I have assign form the Manager of MawangEstate daily report and presentation about what I have learned here due to my practical schedule that had prepare by the Assistant Manager.

I choice my practical industry here because to learn about industry plantation and to gain my knowledge and experience. I have given 3 months to complete my practical industry. As practical student, I need to do final report for what I have learned here for 3 months. I hope this final report will give benefit to me and this company.
