ACKNOWLEDGEMENT

Firstly, my appreciation goes to the Organization Behaviour lecturer, Miss Asteria U. Zabala for all due help and guidance given in doing my project paper.

I would also like to extend my deepest gratitude to the following personnel of SEDC for their willingness to sacrifice much of their precious time to assist me in the research. Without their cooperation this research will not be successful. As such I am indebted to :-

- (a) Encik Salleh b. Sulaiman
Director of Bumiputra Entrepreneur Development Division.
- (b) Encik Abang Ali
Senior Project Officer
- (c) Encik Sharkawi b. Rambli
Personnel Officer
- (d) Cik Baiti Adanan
Senior Accountant

During the course of the research, I seek advice and guidance from the following people. For this, I would like to thank :-

- (a) Encik Arbaeni Askam - Audit Assistant
- (b) Encik Naroden Jais - Project Officer
- (c) Encik Muriyadi b. Basri - Administrative Officer

PREFACE

The research seeks to study the significant problems faced by an organization from the point of view of the Director, Personnel Officer and the Accountant, as part of the requirement of Organization Behaviour subject for this semester.

Information were gathered from various resources such as Bibliographical research, interviews, questionnaires and secondary data-internal source.

The beginning part deals with the introduction which explained the objectives and purposes as well as a brief description regarding the scope of the research. Then after completing another aspect that is the limitation to the scope of research will be Chapter I on the methodology and approach of the research that have been used to provide and collect information for the purpose of this particular research.

Can be separated

Chapter 2 deals with the review ^{of} related literature concerning the definitions as well as various other relevant materials essential to meet the requirement of the research.

Chapter 3 will be the highlight of the research that is the significant problem faced by Sarawak Economic Development Corporation, their causes as well as the ways and means to overcome the problems. Following these will be the recommendation which will be based on the corrective measure taken by the management of the Corporation for the respective problems.

In concluding the research, emphasis will be done on the overall conclusion and recommendation pertaining to the problems by relating the findings and analysis to the objectives.

INTRODUCTION TO RESEARCH

Organizational problem, can be considered to be one of the barrires which can affect the program to be made by an organization in their bid to achieve whatever objectives they have. This research seeks to know the various problems faced by an organization, the causes which lead to those problems as well as their ways and means to overcome them.

OBJECTIVES OF THE RESEARCH

1. To find out the significant problems faced by an organization from the point of view of the Accountant, Personnel Officer and Chairman.
2. To find out the cause to such problems.
3. To find out the measures taken by the management to overcome the problem.

SCOPE

In recognition of the objectives the study will be entirely on the internal and external problems faced by Sarawak Economic Development Corporation. One assumption made was that whatever information obtained will be regarded as true.
